**ONE HUNDRED AND THIRTY-FIFTH
ANNUAL REPORT**
of the
SCHOOL COMMITTEE
and the Seventy-seventh from the Office of the
SUPERINTENDENT OF SCHOOLS
of the
TOWN OF EASTON
MASSACHUSETTS

For the year ending December 31, 1962

ANNUAL REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Easton:

The School Committee submits the following annual report for the year 1962, the One hundred and thirty-fifth annual report made by an Easton School Committee. During 1962 your Committee held seventeen formal meetings. The Superintendent of Schools, Mr. Philip M. Hollowell, has acted as secretary of the committee and through contact with all school personnel throughout the year your School Committee has attempted to keep as well informed as possible on all school activities. All School Committee meetings have been open to the public and we have been visited by parents, town officials, the press, and other interested citizens whose advice and ideas have been sincerely appreciated. The year 1962 has produced no major problems and in many ways might be regarded as a normal year. When we consider the size and complexity of our Easton school system, we on the School Committee are well pleased with the system's overall performance during the past year.

In Memoriam to Miss Evelyn Foster

On April 23, 1962, the Oliver Ames High School lost a dedicated member of its faculty, Miss Evelyn Foster. Miss Foster joined the faculty in 1943 as a teacher of English and allied subjects, and was head of the English Department for a number of years. Miss Foster was truly a gifted teacher and she will long be remembered by the many people she guided during the nineteen years we were privileged to have her with us in Easton.

Salary Schedule for Teachers

During 1962 the state legislature enacted a bill which raises the minimum teachers' salary to \$4500 per year. This will become effective January 1, 1963. Prompted by this we have made a two-part revision in the Easton teachers' salary schedule. The first part is to make the minimum step on the Easton schedule to comply with the law from the period January 1963—September 1963. Effective January 1, 1963, the Easton minimums will be \$4500 for a teacher with a bachelor's degree and \$4900 for a teacher who has earned the master's

degree. The second step effective September 1, 1963 will raise the minimum to \$4600. The minimum salaries in Massachusetts effective September 1, 1963 will range from \$4500 to \$5000. The salary schedule effective September 1963 will be as follows:

Increment Step	Bachelor's Degree	Master's Degree	Degree Master's Plus 30 Hours
1	\$4600	\$5000	\$5300
2	4800	5200	5500
3	5000	5400	5700
4	5200	5600	5900
5	5400	5800	6100
6	5600	6000	6300
7	5800	6200	6500
8	6000	6400	6700
9	6200	6600	6900
10	**6400	6800	7100
11	6600	7000	7300

**Maximum Non-Degree Teachers.

*Special Steps for Successful Service in the Easton School System.

Evaluation of the Oliver Ames High School

A thorough evaluation of our high school every ten years is necessary to maintain its standing. This evaluation, conducted by the New England Association of Colleges and Secondary Schools, took place during the past year. The total project consisted of two steps: first, self-evaluation by the school's faculty, and second, an intensive investigation by a visiting team of eighteen professionals. The visiting team spent the first week of April, 1962, examining every detail of the Oliver Ames High School. Upon completion of the evaluation, the team prepared a report on their findings which covers in detail each aspect of our high school and its activity. This report has been of tremendous interest to your School Committee as it highlights the strengths and weaknesses of our high school, and we will certainly use this report as a guide over the next several years. We know that all citizens shared our pride when the Oliver Ames High School received a favorable report which resulted in an acceptable rating by the association.

Please refer to the report of Mr. Julian Preuss, Principal of the Oliver Ames High School for a partial list of recommendations.

Repairs

During the past year the following major repair projects were completed:

Project	Cost
Replacement of water main, North Easton Grammar School	\$1,347.78
Incinerator, North Easton Grammar School	874.23
Walk and steps, North Easton Grammar School	480.00
Roof repairs, North Easton Grammar School and Eastondale School	594.80
Lighting project at Junior High School	
(\$4,915.40 spent in 1961)	3,386.62
Painting of an area of high school damaged by smoke	*1,066.00
Improvement of heating system at Junior High School by addition of return tank	810.00

Repair of lockers, Junior High School and Oliver Ames High School	450.00
Venetian blinds for west side of Center School	449.00
Doors, High School	823.50
New fence, Eastondale School	1,325.50
Black topping of part of play area, Unionville School	165.00
Trimming shrubbery	102.50
Roof repairs, high school gymnasium	944.55
Truck expense	318.04
Toilet fixtures, South Easton School	153.01
Water heater, Furnace Village School	181.48

*Insurance company paid for damage.

We have continued the investigation into the gymnasium roof problem at the Oliver Ames High School, mentioned in our last report. We had a report from one engineering firm which we did not feel was conclusive. A second firm is now working on a more detailed report. We are confident that the town will receive a settlement of a claim for this damaged roof.

The usual program of painting, refinishing of desks, locker repairs, and classroom improvement was carried out by the school maintenance men. The Oliver Ames High School was completely painted on the outside. These projects are essential to the continued efficiency of the older school buildings.

Retirement Announced

On October 23, 1962, Mr. John O. Anderson and Mr. Guy Carpenter retired from their part-time custodial positions. Although young for their years, state law made their retirement mandatory. We wish them every happiness with their added leisure.

Scholarship for Oliver Ames High School Graduates

For many years the chairman of your School Committee has been proud to present a number of scholarships to the graduates of the Oliver Ames High School. It is true that few high schools of size comparable to Oliver Ames have been so

fortunate in having such generous scholarship aid provided by friends of the school. At present there are approximately sixteen scholarships and awards made each year. Several of these scholarships represent enough financial aid to substantially help the recipient pay for his or her education, while other scholarships are basically an honor award.

All of these awards traditionally available to Oliver Ames graduates are important and greatly appreciated by the fine young people who make up the Oliver Ames student body. The time has come, however, when we as a community must seriously investigate the possible ways in which we may do more to make higher education available to any deserving student.

There is an organization, known as The Citizens Scholarship Foundation, that makes available a "Do-it-Yourself" plan. This organization was originated in 1958 in Fall River, Mass., and since that time has developed into a national organization. As our graduating classes increase in size, and as the cost of higher education continues to rise, more and more worthy young people will find financial assistance increasingly difficult to obtain.

Even before this report goes to press, the initial steps to set up such a program in Easton are being taken, and as The Citizens Scholarship Foundation was originated for communities such as ours, we on the School Committee wish only to add our hope that this program will prove acceptable to you the people who will participate in it.

With your help the time will come when every qualified young person who so desires may attend college. The long term benefits of such a program to the community are certainly worth everyone's participation.

School Costs

The cost of operating the Easton Public School System continues to rise. The increases are due partly to the gain in school population and partly to the increased cost of salaries, supplies, and all material used by the schools. The average cost of educating one pupil in Easton, during 1962 was \$374.74. The average for the entire state of Massachusetts was \$403.45. The average for the United States was \$394.70.

	\$970,489.43	

BUDGET SUMMARY

1962

A. (1)	Regular appropriation, March 1962	\$918,679.73
(2)	Appropriation for support of High School Athletics, March 1962	5,000.00
(3)	Receipts from Oliver Ames Fund:	
	Carried from 1961	\$ 93.16
	Received in 1962	32,950.68
		33,043.84
(4)	Receipts, Oakes Ames School Fund	11,374.04
(5)	Receipts Public Law No. 874—	
	\$9,601.97 + \$14,932.00	24,533.97
(6)	Receipts Public Law No. 864—	
	584.54 + 8,314.42	8,898.96
(7)	Receipts George Barden Fund	500.00
(8)	Receipts Evening Adult Classes	147.50
(9)	Total available for support of schools	1,002,178.04
(10)	Total expended during 1962 including athletics and Geo. Barden	970,489.43
(11)	Balance	31,688.61
(12)	Returned to Excess and Deficiency Fund—Salaries	9,357.36
(13)	Balance, Oliver Ames Fund Account and Public Laws No. 874 & 864	\$ 22,331.25

1963

B. (1)	Regular appropriation requested	\$1,061,718.75
(2)	Estimated Oliver Ames Fund 1963	23,000.00
(3)	Public Law No. 874 Federal	8,447.57
(4)	Carried from Oliver Ames Fund	10,646.89

(5) Available Oakes Ames Fund	8,200.00
(6) Estimated Receipts Adult Education	150.00
(7) Public Law 85-864	2,880.79
(8) Carried from Geo. Barden Fund	356.00
	\$1,115,400.00

C. Estimated Receipts from other than town funds, 1963:

It is estimated that the following sums will be received by the town on account of its schools during the 1961-62 school year, all of which will go into the general fund of the Town Treasury.

State Tuition and Transportation State Wards	\$ 5,032.78
Town of Sharon and other tuition	2,284.10
State, as reimbursement in part for expenditures for pupil transportation	65,930.04
From the state, reimbursement to the extent of half the cost of Vocational Education for the year ending August 31, 1961	6,428.62
From the state, as aid to schools, Chap. 70, G.L.	95,986.01
From the state as reimbursement on expenditures for the Mentally Retarded and Physically Handicapped	7,482.48
From Rental of halls, supplies sold, custodian wages, etc.	1,239.58
From Adult Civic Education	16.10
	\$184,399.71

If the estimated receipts for 1963, as shown above are subtracted from the appropriation as requested for 1963, it will show a net amount of \$877,319.04. If we divide this by the October 1, 1962 enrollment of 2565 pupils, we get a pupil cost of \$342.03 from local taxation. Part of the budget, September to December will be spent on a larger enrollment next year which will further reduce the per pupil cost.

Several of the items listed under receipts merit additional explanation; for example, rental of halls, custodian wages, etc. The receipts under this item do not cover the true expense to the town but, this item does illustrate the dual function served by many of our school facilities. These school facilities are used by many community organizations during non-school

periods such as evenings, afternoons, and weekends. Your committee feels that in this way the community realizes the maximum return on investment.

Public Laws 85-864 and 85-874 again made possible by the Federal Government realized a sizeable contribution to our Easton schools. Public Law 85-864 is concerned with enrichment of our courses in Science, Mathematics and Foreign Languages, and Public Law 85-874 serves to eliminate any burden caused by the employment of parents in Federal Government or related jobs. The cooperation of all who filled out the required forms was greatly appreciated.

The Oliver Ames Fund contributed \$32,950.68 to the Easton Public Schools during 1962 and the Oakes Ames Fund \$11,374.04. The town is very fortunate to have this continuing aid to its public school system. We on the School Committee will continue to accept and spend this money in keeping with the wishes of the donors, namely, that they should be used to make our schools just a little better than the average.

Commonwealth of Massachusetts

The town contributes \$5.00 per pupil for transportation, and the Commonwealth of Massachusetts pays the balance. This money when reimbursed, however, goes to the E and D Fund of the town treasury and must be raised each year. Easton geographically is a large town and this causes this item to remain large.

State aid to schools under Chapter 70 General Laws is the largest receipt that the town treasury receives from any one source during the year. Yet, in Massachusetts, state aid to education is by comparison with other states very modest. There is constant discussion about making it greater to thereby relieve the local tax payer, but until our state government takes positive action we must continue to operate within the present system.

Other State Returns

The Commonwealth does make payment for tuition of state wards. There are reimbursements for mentally retarded and physically handicapped, and some help for adult education in the evening school.

Most of the money to support our public schools comes from local taxation, and we have included our expenditures for 1962 along with the proposed budget for 1963.

Conclusion

The Easton Public Schools is rapidly becoming a sizeable operation. At the present time it consists of 83 classrooms and other areas located in nine school buildings. It employs 116 teachers (including principals, supervisors, etc.), a superintendent, eight secretaries, two maintenance men, 13 custodians, 29 cafeteria employees, two nurses, and a dental hygienist, along with a part-time physician to serve the needs of 2565 Easton young people. With an operation of this magnitude we cannot hope to be aware of every problem that may arise; however, when we are made aware of a problem we do our best to take care of it. If anyone has a matter that should be brought to our attention, he should feel free to attend a school committee meeting. Our meetings are open to all townspeople, and we cordially invite you to visit with us. If this is not convenient, we will take action at the next regular meeting on any situation called to our attention by a signed letter.

We the members of the Easton School Committee wish to express our sincere appreciation for the interest, good will, and cooperation which you, our fellow townspeople, have shown during 1962. For details of other important activities conducted during the past year we refer you to the report of the Superintendent of Schools.

Easton is a good community, and your School Committee likes to feel that an important factor in achieving this status is our fine public schools system. We have come to realize that keeping our schools up to this standard is a job that requires the help of every citizen. After reviewing the progress of 1962 we feel that each of you shares our sense of satisfaction for the year past and looks enthusiastically to the year ahead.

Respectfully submitted,

NORMAN A. ANDERSON, Chairman
MARILYN E. COPELAND
DR. BARBARA GRAY
ELMER G. HARLOW
HAROLD K. HOLMES

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Easton:

I hereby submit my sixth annual report as Superintendent of the Easton Public Schools, including those of the supervising principals and excerpts from supervisors of special activities. This report is the seventy-seventh in a series since the town authorized the employment of a superintendent of schools.

Changes in Personnel

When school opened in September there were twenty-two new teachers, ten at the Oliver Ames High School, six at the Junior High School and six at the elementary level. Interviewing teacher candidates consumes a great deal of time of the administrative staff. Often ten to twenty candidates are interviewed for each position.

The following people were appointed heads of departments during the past year: Mr. William Hardin as head of the science department, Mr. Kenneth Burke as head of the English department, and Mrs. Hazel Varella as head of the social studies department.

Special Education

We have been advised by the Department of Education that a second class in special education should be organized in Easton at the secondary level. The Commonwealth of Massachusetts will pay for one-half of the cost of this type of education. The main deterrent has been lack of adequate space.

Critical Problems

The most critical problem facing the Easton School system is the problem of classroom space. There are only three alternatives open to a school system confronted with this problem (1) build additional classrooms (2) increase the class size which in turn may reduce the efficiency of teaching and possibly curtail the curriculum (3) put the pupils on double sessions. The only permanent solution is to build additional classrooms.

The second problem which is confronting all education in Massachusetts is a sound and equitable method of financing education. At the present time the real estate tax is carrying the major burden in financing education. Pressure must be brought to bear upon the legislature to find other means to relieve the real estate burden.

Area Vocational High School

A committee of three from the town of Easton consisting of Mr. Harold Holmes of the school committee, Mr. Vincent Wright, and Mr. C. Donald Anderson, have been working with a group of towns in this area on a proposed Regional Vocational High School. Due to the rapid strides of technology during the past few years an opportunity should be available to young people for this type of education. State and Federal funds are available to aid in financing vocational education. It will be to Easton's advantage to cooperate with the area towns in providing vocational education for its young people.

The Remedial Reading Program

The measure of a child's success in elementary school may be measured by his ability to read. The pupil who is not succeeding in reading needs help. When to give help, the type of help needed, and the length of time to give help are important factors in remedial reading. Tests and the classroom teacher give this information.

After the Iowa Tests in January 1962, the reading scores were studied. Teachers were able to judge the needs of their pupils by the individual scores. Some pupils who had been receiving remedial help were found to be at their grade level or above. The pupils, if approved by their teachers, were allowed to work with their classes and not receive remedial help. Other pupils whose scores indicated weaknesses were given remedial help for one-half hour once a week the rest of the year.

"Durrell's Analysis of Reading Difficulty" tests were given to seven pupils who were having a difficult time. It was hoped from this analysis to be able to help each child more.

The McKee "Basic Reading Tests" have been used throughout the year in grades one, two, and three. Pupils are tested as they complete each level in their reading books. As a result of this systematic testing program, a teacher is able to spot any weaknesses in her own teaching or in the growth of any pupil. A record of the pupil's work is kept, making it possible to keep a close check on the reading ability of each child.

We are striving to make a stronger phonics program, using the phonics program in our basic readers as our guide. McKee's Phonics Tests were given to all the pupils recommended by their teachers this fall. These pupils may have been having difficulty in either reading or spelling. After the tests the teachers were able to judge by the results if a pupil was weak in phonics. If a pupil needed help, the teacher knew where it was needed.

It is possible at present to give the groups of pupils who need help one-half hour of instruction a week. They would benefit from more time from the reading consultant, but the week is not long enough.

Report of Reading Program in Junior High School

All pupils in Easton Junior High School were tested and graded in reading ability in September, 1962. They were allowed to see their own grade scores and given an opportunity to receive additional reading help. Since value of the program depends on desire for self improvement, pupils are required to do group work, but they are encouraged to choose it. Due to the limitation of time of the teacher or program conflicts, not all who need assistance can be included. Effort has been made to give aid to those who might profit most.

Twenty-eight seventh graders have been receiving remedial reading in small groups to improve pronunciation, speed, vocabulary, and understanding. They were selected from grade six records, teacher recommendation, results of tests, or by parent's request. Twenty-three eighth graders, who expressed a desire for help and seemed likely to benefit, are participating in individual or group work. Similar groups of interested grade nine students are doing extra work for self improvement. Two boys in grade 10 are receiving individual aid, because of special problems.

Speech Therapy

The speech therapy program which was instituted in 1960 serviced 77 pupils during the year. The classification of speech problems was as follows: Articulation 60; Cleft Palate 1; Hearing Loss 1; Stuttering 9; Voice 6.

At the beginning of the year 457 pupils in the second grades and kindergartens were individually screened for speech evaluation. During the year an additional 240 pupils were examined and diagnosed at the request of classroom teachers. Speech-aid techniques were prescribed for the non-therapy cases in this group.

At the present time 74 pupils are receiving speech therapy.

Audio Visual Aids

Audio-visual materials carefully selected and skillfully used enrich the curriculum by providing multisensory experiences. Through the use of various audio-visual media more meaningful lessons are taught, increasing learning and retention of content. Audio-visual aids are not confined to educational films and television alone. All media making use of audio and visual perceptions are considered a part of the program. This program is more clearly stated as instructional materials.

The Department contracted for 450 educational films. Less than one half of these films are rentals from the State Department of Education. The remaining films were obtained for the cost of postage only from film companies, governmental agencies, industry, and institutions.

A vertical curriculum file has been completed and organized according to the Dewey Decimal Classification System. These files contain materials which can be obtained from industry without cost and which are of educational value to several curricular areas. One of these files is located at Oliver Ames High School, another at the Easton Junior High School, and the third, the one for the elementary level, is located at the Parkview School.

On January 1, 1962, the Easton school system became a participating member of the 21" Classroom, a series of telecasts financed by over 160 school systems of southern New England and produced by WGBH-TV, Channel 2.

Discretion has been used in viewing important events such as orbital flights, other current events, and similar programs on commercial channels. Educational television has proven to be an outstanding supplement to the curriculum. An evaluation at all levels is to be conducted during the month of January which will complete one year with this program.

The Children's Museum program which provides for exhibits and lectures will be continued on an improved basis to meet current needs. Also, two workshops have been planned: one, for credit, in the use of audi-visual equipment for the classroom teacher and the other, the construction of projectuals for use with the overhead projector.

Vocal Music

The vocal music department has had a most favorable year in the elementary schools. Cooperation on the part of the faculty was excellent, and the spirit of enthusiasm among the children for singing and learning the basic rudiments of music was encouraging. In each of the larger elementary schools an attempt was made to meet the needs of the exceptional child. A glee club was initiated for the 5th and 6th grades. These groups were not only able to perform at their own school assemblies, but many of our 6th grade glee club members sang in a chorus of 120 voices when they took part in the Music Festival held by the Bristol County Music Educators at the Parkview School in May. This festival was very ably hosted by the administration at the Parkview School.

Mrs. Elinore Rosen reports that the framework of the Junior High program is essentially the same as in the past; however, the number of classes has increased due to increase in pupil enrollment. A new boys' glee club, composed of 7th and 8th grade boys, has been added to the extra-curricular groups in the Junior High School. Hold-overs from previous years include the Sweet Sixteens, a select group of 7th, 8th, and 9th grade students; a 9th grade girls' ensemble; and the

Songsters, a group of fifty 7th and 8th grade students. All of these groups, with the exception of the Songsters, meet after school hours.

In the High School the glee club is an elective group which meets five days a week. Interested students may participate for as few as two days a week. Over the past few years the ability of this group to learn and memorize a large variety of works has increased considerably. This acquired ability has not only extended their performance repertoire, but has also enlarged their scope of music appreciation. In the future we hope to develop an appreciation course in the High School to capitalize on and encourage any interests in this direction. In particular, this course would provide students who plan to major in music with a good background. This is no more than fair, since many of our students enjoy participating in their college musical groups, and a few are even majoring in music education.

Many of our students were represented at the South-eastern All-District Chorus held in Marshfield last January. Easton was also represented at All-State and the S.E.B.M.A. festival. The glee club also performed their own arranged production of three current musicals, "Sound of Music", "West Side Story", and "Oklahoma"! for their big spring production.

Instrumental Music

The instrumental music department is again happy to note a significant increase in the number of students who are availing themselves of the opportunity of studying a musical instrument. Lessons are offered at the North Easton Grammar School, Center School, Parkview School, and the Easton Junior High School. This year has shown a substantial increase in the number of students participating in the program at each of these schools.

The combined "Tiger Band" played for many of the home games. Rain, mist, or wet weather cause a great deal of damage to both instruments and the uniforms; therefore, the band should not play when there is inclement weather. The band has forty-six members and six majorettes, who did a fine job representing Easton.

One of the orchestra members has been chosen to represent Easton in the Southeastern Massachusetts District Orchestra this year, the All State Orchestra and the New England Orchestra of which she was chosen concert mistress last year. Still further honors have been accorded to Easton when she was selected to be a member of the All Eastern Orchestra which is composed of young people from the states on the Eastern seaboard that make up the Eastern Division of the Music Educators National Conference.

Easton has been chosen as the site of the Southeastern District Audition Festival on May 11, 1963, which will bring to our town bands, orchestras, and choruses from this area. A fine enthusiastic group of parents, the Music Parents Club, has been organized to assist in this venture.

School Health

The Health Department of the Easton school system consists of Dr. Gerald Gray, school physician; Mrs. Blanche C. Maguire, R.N., and Mrs. Mary Baxter, R.N.

The nurse's primary responsibility is to help each child obtain a healthful school life. Parents have the primary responsibility for the health of their children. The health efforts of the school nurse should be so conducted as to help parents recognize and assume their responsibilities. Cooperation is the keynote to coordination of the efforts of those concerned with child health. The parents and teachers in the Easton school system have been most cooperative. Only in this way can schools and communities develop balanced programs of health care. School health policies have been formulated this year to achieve the maximum cooperation and coordination between schools and between the school and the community.

With the addition of a second full-time school nurse, the health program has been able to expand in many areas. Constant coverage for emergencies has been made available, and we have increased the routine visits to all schools. There is more frequent classroom inspection when needed, and the head school nurse has increased her follow-up home visits. Mrs. Maguire meets each week with the Future Nurses' Club at the Oliver Ames High School. The school nurses helped

conduct the Easton Nursing Association Sabin Polio Vaccine Clinic last spring, and also conducted the Sabin Polio Vaccine Clinic in school for all children up to the age of seven. The clinic this year will start in January 1963 and will include children from the second grade to the twelfth grade.

Plans in the future include health teaching and home nursing at the high school level.

The following have been completed in the year 1962:

Sick Calls	2567
Visual tests	2341
Audio tests	2441
Physical examinations	1296
Weights and heights	4000
Students transported to hospitals	32
Home calls	238

Dental Health

The dental health program which was instituted in 1960 has continued each year without interruption. Early in the year a dental screening program was completed in all schools. The total number of children screened was 2435. 55% of the children were referred for dental treatment. At the final inspection, re-check, this number was reduced to 32%. Many other children had received dental treatment, but did not receive complete dental care.

During the year, 1155 children received dental prophylaxis as a means of introducing them to dental treatment or to motivate those children who do not practice good dental health habits at home.

The dental health program consists of dental health counseling, dental health instruction, dental prophylaxis service, and a dental inspection program.

School Lunches

School lunch is a part of the education program in our schools. A nutritional lunch is being served in all the Easton

schools. Our lunches are planned so that they will meet one third of the daily requirements of our children. They include two ounces of a protein food daily, a Vitamin C food every day and a Vitamin A food twice a week, three fourths of a cup of a vegetable-whole grain or enriched bread, rolls or muffins with butter, one half pint of whole milk, and a dessert. The cost of these lunches to the pupil is twenty-five cents. Milk may be purchased separately for three cents to the pupils and seven cents to adults. The Federal Lunch Program reimburses the local program nine cents for each pupil's lunch and four cents for each pupil's bottle of milk. Surplus commodities received from the Federal Government are a great help to the program. The school lunch program in Easton is self-supporting with the exception of the salary of the supervisor and the large equipment in our kitchens. Approximately 1192 lunches were served daily last year or 52 per cent of our total enrollment. The Oliver Ames High School in addition to preparing lunches for the school sends lunches to the North Easton Grammar School and the Unionville School. There is no student help in this building. The Center School in addition to preparing lunches for the school sends lunches to the South Easton School, Eastondale, and Furnace Village Schools.

Easton took part in the National School Lunch Week, October 14 through the 20th, by inviting parents to visit and observe our hot lunch program in operation.

All of the kitchens in the Easton School are well equipped with the exception of Easton Junior High School, which needs a larger freezer and a new serving area.

In conclusion I wish to express my appreciation to the teaching staff and other school personnel in making the year 1962 a successful one in our schools. School Committee members and Building Committee members have given generously of their time and effort. Parents and citizens have been most cooperative. A successful school system is the result of the staff, parents and citizens working harmoniously to provide the best in education for its youth.

Respectfully submitted,

PHILIP M. HALLOWELL,
Superintendent of Schools

ANNUAL REPORT OF THE PRINCIPAL**Oliver Ames High School**

In a highly industrialized society such as we have in the United States we are very much aware of the tremendous progress which has been achieved over a relatively short span of years. Just to mention a few examples we might note the following: the field of transportation, with the decline of the railroad and the expansion of air travel to the threshold of space; the field of energy, with rapid developments taking place in atomic energy applications; the field of electricity, expanding into complex electronic machines with their many applications; the field of medicine and the startling life saving and health improving discoveries of the last few years. We could go on to name many more, but the significant fact behind these developments is that they are a result of a combination of two things—they are a result of education and man's desire to know more about all things.

With these things in mind it is not at all difficult to understand and appreciate the importance of education. It is important not only for the developments to date but it is especially significant to continued progress. Just a glance at the constantly increasing pace of discovery certainly establishes the absolute necessity of an educational system which will provide for its continuance in the future. Our place in the world as a nation and as a people will depend completely upon the quality of our educational system.

Oliver Ames High School has provided an education of excellent quality over the years and it is our objective that it shall continue to do so. A major step in assessing the quality of a school offering is the regular self-evaluation and the checking of this self-evaluation by the visiting committee of the New England Association of Colleges and Secondary Schools. The interpretation and recommendations of this committee are most important for through them we benefit by the combined experiences of its members and we are better able to see the total picture of educational needs. The report of this committee included many commendations as to our present program and also many recommendations for the future.

Compliance with many of the recommendations of this committee depends upon the facilities available. As to the

date of the writing of this report an addition to the high school has recently been rejected by the citizens of Easton and the present program and enrollment of the high school requires the use of all regular teaching spaces except one room for three periods of the day. With no change of program the anticipated enrollment for the year 1963-1964 will require the use of the above mentioned room plus some other areas not designed as classrooms.

A review of the report of the visiting committee reveals the following recommendations, the implementation of which is dependent upon the facilities available.

Expansion of remedial reading and speech program.

Expansion of the art program.

Addition of a course in economics.

A typing program with no overcrowding in the typing room.

Expansion of library services.

More adequate space for office training.

Provision in the business area for efficient accommodation of the number of students in classes.

Introduction of a second modern language.

Installation of a language laboratory.

Living area in home economics.

Large working areas in industrial arts.

Finishing area in industrial arts.

Increased storage facilities in industrial arts.

Expansion of music education.

A year-round intramural program to include storage space.

An addition to include storage space to be added to the gymnasium.

Further development of the outside play area.

Additional science laboratories and classrooms.

More storage area for science equipment and materials.

A small greenhouse for maintaining living organisms.

Requirement of social studies courses of all students.

Specific room for activities.

Improvement of health rooms.

Plans for expansion be started immediately.

The date of the visiting committee's report is April, 1962. The accomplishment of its recommendations is important for two reasons. In the first place, because increasing enrollments will require additional space in the very near future, and in the second place because an educational program which will keep pace with modern living and ensure an adequate education requires it. Without increased facilities the quality of the education offered to Oliver Ames High School students must necessarily suffer.

As noted in our report of last year we have arrived at the point where the expansion of curriculum offerings must await further developments in facilities. The introduction of the fourth year advanced science course and more classes in mechanical and engineering drawing brought us to the maximum point of development for the present. By changing the emphasis in some areas, in addition to the drawing program, we have improved our program for those students interested in continuing a two year education in specialized technical schools. This year the extra-curricular offerings in speech and debate, dramatics and science have been expanded to offer increased opportunities for experience in these areas.

During this year the teachers in both the English and social studies departments have undertaken thorough studies of the programs of their respective departments. Through these studies these departmental offerings will be thoroughly evaluated and brought up-to-date where necessary. Undoubtedly some changes or completely new courses will result from these studies. The social studies department has also been placed under the direction of a department head which will ensure greater coordination within the department and a more effective total program. This is an important step for the social studies are most important to the future development of the world. Man will not learn to live cooperatively and peacefully with his neighbor until a higher level of understanding of social factors and interactions is achieved by all people.

The daily physical education program which was introduced last year has proven its value, not only in the much higher level of achievement in physical education tests but also in its wholehearted acceptance by the student body. A towel service has been introduced this year which has contributed immeasurably to the hygienic aspects of the program.

As a step in maintaining the high level of education and to encourage students to participate in as many courses as possible the graduation requirement has been increased from 80 credits to 85 beginning with the present ninth grade.

Within the mathematics department initial steps have been taken which will lead to the incorporation of modern mathematical concepts in our courses. First steps have been taken at the junior high school level and mathematics teachers are attending courses and workshops to keep abreast of developments and ensure that our future offerings in this area will not become outdated.

The list of recommendations mentioned earlier in this report is indicative of our plans for the future for the high school. One item not previously mentioned, and for which only the very first step has been taken at this writing, is an enlargement of scholarship assistance to our graduates. Our students have been most fortunate in the offerings being made by many local organizations in this respect but these offerings need to be supplemented by additional sources. An initial explanatory meeting has been scheduled for January, 1963, and it is our wish that a local chapter of the Citizen's Scholarship Foundation will become a reality in Easton.

The challenge of every citizen of Easton is to continue to provide an adequate educational program for the youth of Easton. To quote from our report of last year "developments in the modern, rapidly expanding, technological world necessitate changes in curriculum and teaching techniques—changes which must be made if our students are to receive an education which will continue to give them a background with which they may successfully cope with the competition of students of other schools." Ours is a competitive world.

The one thing that can be provided for young people which cannot be taken away from them is an education.

Respectfully submitted,

JULIAN S. PREUSS,
Principal

ANNUAL REPORT OF GUIDANCE DEPARTMENT

The Guidance Department has grown during the past year to meet increasing needs for services to the students in our schools. As the enrollment increases and the pressures and complexities mount in the area of college admissions, career choice and job placement, our Guidance Department must provide adequate quality and quantity of services or our students will not be able to compete as successfully with others in finding their place in life.

Personnel

Miss Adelaide Johnson is now full-time counselor at the Easton Junior High School. Her work is primarily with grades eight and nine but many seventh grade students are referred to her for help.

Mrs. Louise Smith is a full-time counselor at Oliver Ames High School replacing Miss Anne Stamas who resigned to accept a position with an armed forces dependents school in Germany. Having a full-time counselor at the high school provides more adequate coverage for these critical, decision-making years and releases more time for the Director of Guidance to carry on the administrative work of planning and to make vital contacts in colleges and industrial companies which will result in better placements for our future graduates.

The appointment of Miss Johnson as a full-time counselor in the junior high school allowed us to assign Mrs. Smith full-time to the senior high school. This brought the counselor-pupil ratio at the junior high school to 1:510 exclusive of the time of the Guidance Director. Considering the Guidance Director a half-time counselor at the senior high school, the counselor-pupil ratio is now 1:295 which is the ultimate goal of the present Massachusetts State Plan of the State Office of Guidance and Placement. As the enrollment increases it will be necessary to add additional counselor time to maintain this ratio at the senior high school and to reduce the ratio at the junior high school to the 1:400 minimum ratio required by the State Plan.

College Visitation

Members of our Guidance staff have visited about 25 colleges during the past year. The importance of these contacts cannot be over-emphasized. In the past three years the percentage of our graduates who go on to some kind of further education has increased from 45 to 60. When we combine this ever increasing percentage seeking further training with the larger numbers in the coming classes we face the prospects of increasingly competitive placements. Contacts must be made with as many institutions as possible to prepare for the future in this respect.

Career Conferences

Oliver Ames High School continues to participate in the Career Conferences organized by Roland Darling, Occupational Information Specialist of Northeastern University. This service provides three conferences each month on different occupations which are selected by guidance personnel in our area. It is provided without cost to our town as a service of Northeastern University.

Follow-up Study

Our follow-up study of the class of 1962 reveals the following information regarding the present activities of this class compared to figures for the class of 1961:

	Students	Percent	Students	Percent
Four year colleges	36	31	32	27
Two year colleges	5	4.3	13	11
Technical, trade, business schools	24	20.7	20	17
Prep schools	1	0.9	2	1.7
Nursing (R.N.)	3	2.6	—	—
Military Service	5	4.3	6	5
Employed	38	32.8	41	34
*Married			2	1.7
At home	2	1.7	—	—
Unknown	2	1.7	3	2.6
	—	—	—	—
	116	100%	119	100%

*Included in "Employed" and "At home."

These figures show an increasing percentage of graduates are seeking further training. In the past three years the percentage has risen from 45% (1960) to 60% (1962). In 1961 it was 56.7%. This trend is probably caused by increasing emphasis on the need for additional training in the news media. Fewer unskilled workers will be required as the full effects of automation, data processing, and other modern technological advances are made, which means that more of our graduates must seek additional training of some kind in order to find satisfactory employment.

Mental Health Program

In order to increase the understanding of the Judge Stone Child Guidance Clinic a group consisting of all principals, the school superintendent, school nurse, and guidance personnel visited the clinic for conferences with the medical director and chief psychologist. Problems of communication were discussed and a tour of the building was conducted to acquaint the group with the activities of the clinic.

Testing Program

For the first time this year the Guidance Director is serving as coordinator of testing at the elementary level. Activities involved in this program are ordering of the tests, providing scoring services where desired, and serving as a consultant in testing problems.

Our school system is participating in a research program by allowing the results of the Standard Achievement Test to be used for standardization of the test. Easton was chosen as a representative community by Harcourt, Brace and World, publishers of the Stanford Achievement Test.

At the second level the guidance department conducts the testing program which at present consists of the following tests at each grade level as indicated.

Grade	Test
7	Iowa Test of Basic Skills Otis Quick Scoring Mental Ability
8	Iowa Test of Basic Skills Terman McNemar Test of Mental Ability
10	Differential Aptitude Tests

In addition to these tests, achievement tests are administered at the end of each year in various subject areas:

- Coop English
- Coop American History
- Coop Latin
- Coop French
- Lankton Algebra
- Shaycroft Geometry
- Read General Science
- Coop Physics
- Coop Chemistry
- Nelson Biology

The Kuder Preference Record is administered by individual request and is used in personal counseling as a help to career choice.

The general or clerical student who wishes to help in job placement during his senior year is allowed to take the General Aptitude Test Battery which is administered in our school by personnel of the Massachusetts Employment Service.

The college-bound student participates in a testing program designed to reveal his strengths and weaknesses in relation to the colleges of his choice. Often the choice of a college is determined to some degree by the results of the testing program so that every student is encouraged to participate in as much of this program as possible to provide adequate practice in taking standardized tests. The tests in this program which each student may take are as follows:

Preliminary Scholastic Aptitude Test (PSAT)—administered in October of junior year. Purpose: to predict scores on the Scholastic Aptitude Test as early as possible.

National Merit Scholarship Qualifying Test (NMSQT)—administered in March of junior year. Purpose: to compete for National Merit scholarships and to provide additional experience in the taking of tests.

College Entrance Examination Board tests (commonly designated "College Boards") are of two kinds. The Scholastic Aptitude Test (SAT) is a three hour test yielding a verbal

and math score. The Achievement Tests are one hour tests in a specific subject are such as French, Biology or English.

Results from all of these testing programs are used in counseling with students regarding career choices and the preparation required.

Guidance at the Elementary Level

Many school systems are moving toward providing guidance services at the elementary level. These services usually involve identification of potential and actual problem children, working with those who are not disturbed to the point of referral to a clinic but who need help, and consulting with teachers. There are two kinds of professional people available for this kind of function. **Elementary school counselors** work primarily in the school setting while **school adjustment counselors** take more of a social work point of view and try to work with the entire family in an attempt to help a particular child. This latter program is subsidized by the State of Massachusetts in the amount of \$4500. per year so that the net cost to the town of Easton would be less than if we utilized an elementary school counselor.

Recommendations:

1. That planning for a work-study program for potential school leavers be explored.
2. That the need for guidance services at the elementary level be studied by a committee appointed by the superintendent of schools.

EUGENE H. WILSON,

Guidance Director

ANNUAL REPORT OF THE PRINCIPAL

Easton Junior High School

School opened in September with 511 pupils in grades 7, 8, and 9. Our ninth grade includes 76 pupils in the college preparatory curriculum, 12 in the newly designated technical curriculum, and the remaining 58 pupils in either the clerical or general curricula. Six of our faculty of thirty are new teachers.

We enjoyed a very successful football season under the direction of Mr. Paul Urban, grade nine football coach. Our second annual athletic dinner was held at the close of the season.

For the first time since the inception of guidance in our school system we have a full time counselor, Miss Adelaide Johnson, assigned to the junior high school. Through her effort and patience this area has been functioning with efficiency and excellent results.

There have been three major changes in our program of studies. First, algebra I is being taught to the top division of grade 8. Those who successfully complete this course may, if they wish, elect plane geometry in grade 9 and continue an accelerated mathematics course through grade 12. Second, physical science has replaced general science in grade 9. It is expected that this will make a further improvement in our science program. Third, conversational French has been added to the seventh and eighth grade curricula. Our program of studies will be further improved next year by the addition of an accelerated English course in grade 9, as well as the previously mentioned geometry course.

In the spring the junior high school presented two events which proved of great interest. The Student Council under Mrs. Metcalf's direction sponsored the bringing together of the Student Councils of eight junior high schools from neighboring towns for the purpose of exchanging ideas. It is hoped that this will become a permanent organization which will increase in membership and prove to be helpful to all concerned. At a later date the Dramatic Club with Mrs. Varella in charge, Mrs. Rosen's vocal music pupils, and the orchestra under Mr. Amirault's direction presented a most interesting evening's entertainment. These groups also participated in several assemblies during the school year.

After new members had been elected to the National Junior Honor Society, an installation of these students took place in a school assembly. A pot-luck dinner and a repeat of the installation program was held for the parents in the evening. The Student Council assisted the Honor Society in sponsoring the dinner.

Our club program under the direction of Mr. Reagan includes the following: Girls' Sports Club, Boys' Sports Club, Drama Club, French Club, Creative Writing Club, Mathematics Club, Audio-Visual Club, Newspaper Club, Science Club, Charm Club, and Toy-making Club. These clubs meet one period per week with planned programs.

Many dances and assemblies were held throughout the year under the sponsorship of various groups.

The Junior Red Cross first aid program has been continued under the direction of the physical education department. Each seventh grade pupil earned an official Red Cross certificate designating successful completion of the course.

Four students from Stonehill College and one from Curry College did their practice teaching in the Easton Junior High School.

An expected enrollment of at least 570 pupils during the next school year will exceed the housing capacity of our building. It is further expected that the enrollment the following year will be over 600 pupils. The need for relief has become urgent.

In conclusion I should like to point out the excellent cooperation among our fine staff of teachers, supervisors, secretary, cafeteria workers and custodians. Each of them contributes in large measure to the smooth functioning of our school. Many thanks also go to Mr. Philip M. Hallowell, the Superintendent of Schools, and to all the members of the School Committee for their leadership and encouragement in providing the best education possible for the children of Easton.

Respectfully submitted,

SAMUEL P. STRICKLAND,
Principal

REPORT OF THE SUPERVISING PRINCIPAL OF THE NORTH DISTRICT

I am pleased to submit the following report for the year 1962.

The present enrollment at the North Easton Grammar School is 369 pupils, consisting of a kindergarten, one first grade, one second grade, three third grades, three fourth grades and three fifth grades. At Unionville, there is one first grade and one second grade with a total enrollment of 50 pupils.

Two new teachers joined our staff at the opening of school in September. Mrs. Constance Heath was appointed to teach Grade IV and Miss Beverly Kinne was appointed to teach Grade V. At the present time, a student from Northeastern University is practice teaching in Grade III and a student from Bridgewater State College is practice teaching in Grade II at Unionville.

During January, the Iowa Tests of Basic Skills were administered in Grades III through V. Following a tabulation of all results, the findings were used as a guide in determining strengths and weaknesses in subject matter areas.

For permanent records, all pupils in Grades I and IV were given the Otis Quick Scoring Mental Ability Tests. Whenever there was a question as to the reliability of the results of the group tests, the Stanford Binet Test was given individually.

In June, all kindergarten pupils were given the S.R.A. Primary Mental Abilities Test.

In Grades I and II pupils were tested by the McKee Basic Reading Tests as they completed the various levels throughout the year.

All tests contribute much to the teacher's understanding of the individual pupil and aid in more effective instructional procedures.

Open House was held in the North District in May. Over 370 parents and friends visited the classrooms. There was an excellent display of pupils' work and many interesting projects were arranged on bulletin boards. A Parent-Teacher Conference Day was held on November 14 during Ameri-

can Education Week. Pupils were dismissed at 11:30 A. M. Teachers were in their classrooms during the afternoon and evening. Over 480 parents visited the classrooms throughout the district. Eighty-five per cent of the children were represented by at least one parent. Since that time, many conferences have been held with parents who were unable to be present on the designated day. It is a great satisfaction to have such excellent home-school relationships and understandings that lead to the solving of pupils' problems whether they are educational or emotional.

At an assembly in June, Miss Irene Poirier, librarian at the Ames Free Library, presented State Reading Certificates and special awards to pupils in Grades IV and V. All third grade pupils were invited to attend. The Summer Reading Program was explained. Pupils were enthusiastic about reading during the summer months. This plan has stimulated the children's interest in selecting and reading good literature.

An outstanding musical, "Spring Festival" was presented by the Unionville pupils in Grade 1 and 2 under the direction of Mrs. Herrick and Miss Metcalf. Over 150 parents and friends attended the evening program. A repeat performance was held on the North Easton Grammar School lawn.

The following are some of the outstanding needs:

1. Better facilities for the hot lunch program.
2. Acoustical tile on ceilings, especially in the kindergarten.
3. New clock and bell system.
4. Playground should be graded and surfaced.

We are grateful to the following contributors:

1. The Elementary P.T.A. for the gift of library books and ice cream for the "Christmas parties."
2. Miss Harriet V. Stone for her annual gift of books for the Mary A. Stone Library.
3. The many parents and friends who so generously supplied refreshments and many other contributions for our school activities.

In closing, I wish to express my appreciation for the cooperation of our school personnel and all other persons interested in the welfare of our pupils.

Respectfully submitted,

JOHANNA G. McFADDEN

REPORT OF THE SUPERVISING PRINCIPAL OF THE SOUTH DISTRICT

It is my privilege to submit my ninth annual report as Supervising Principal of the Center, South Easton, Eastondale and Furnace Village Schools for the period ending December 31, 1962.

Curriculum

The evaluation and revision of the elementary curriculum must be a continual process to meet present day requirements. The Arithmetic Committee, after evaluating and using several texts, chose the Growth In Arithmetic Discovery Edition series published by Harcourt, Brace and World Company. The techniques used require pupils to analyze, deduce, and understand concepts. Hence the committee felt the needs of a modern arithmetic program at the elementary level were approaching attainment.

The spelling program was reviewed and the series entitled Success In Spelling published by World Book Company was selected to replace books of the present series that are in poor condition. This will be a gradual process.

A Language Committee has taken initial steps on the revision of the English curriculum in the elementary grades.

The television programs presented by The 21" Classroom have been extended since September. Phonics and science programs are scheduled for grade one, music and science for grade two, reading and story-telling for grade three and science for grades four, five and six. These televised programs are an excellent source of motivation in the curriculum.

Other areas in the curriculum have been broadened by field trips and the use of films and filmstrips.

Included in the reading program is the opportunity for wider reading experiences by participation in the Library Reading Certificate Program. Books are delivered periodically to the various schools from the Ames Free Library, the School Department has provided many books for library

reading and the Elementary P.T.A. has donated money for the purchase of books for this purpose.

Miss Irene Poirier visits the schools and awards certificates to pupils in grades four, five and six who have met the necessary requirements of the program.

Personnel

There are eighteen classroom teachers employed in the South District. The only change in September involving the teaching staff was the transfer of Miss Barbara Prilgousky from grade six at the Parkview School to grade four at the Center School.

Mr. John O. Anderson who has served as custodian at the Furnace Village School since September 1960 resigned under the Compulsory Retirement Law and Mr. Lawrence Gurney was appointed to replace him.

Organization

Since September, it has been necessary to conduct kindergarten classes in the auditorium at the Center School. This became necessary to provide for an additional fourth grade. The present enrollment in the South District is 570 pupils. Enrolled in grades one, two and three at the Easton-dale School are 63 pupils; at the South Easton School in grades one, two and three are 79 pupils; at the Furnace Village School housing grades one and two are 53 pupils; and at the Center School kindergarten through grade five are 355 pupils.

Reporting To Parents

The sentence type report card for grade one, first used on an experimental basis, has been adopted. We feel it has proven to be a more effective way of reporting the child's progress.

Spring Open House was held in all schools in the South District in May. Parents had an opportunity to view pupils' everyday work as well as special projects.

Parent-Teacher Conference was observed on November 14, 1962. Afternoon and evening conferences were scheduled for the convenience of both parents. Seventy-seven per cent of the pupils enrolled in the South District schools were represented by parent visitation.

Conferences

In April I had the privilege of attending the Spring Conference of the Massachusetts Elementary School Principals' Association held at the State College at Framingham, Massachusetts. Group meetings on Ideas In Action were arranged. I also attended the 12th Annual Fall Conference of the same association held at Chicopee, Massachusetts in October. The theme of this conference was Effecting Change Through Evaluation.

In concluding my report I should like to express my gratitude to the Easton School Board, Mr. Philip M. Hallowell and all school personnel with whom I have been associated, for their support and cooperation during the year.

Respectfully submitted,

FLORENCE H. O'LEARY

REPORT OF THE SUPERVISING PRINCIPAL OF THE PARKVIEW SCHOOL

The Parkview School has completed its first year as a unit in the Easton school system, with all twenty classrooms in use and the conference room being used as a first grade classroom. The enrollment has increased from 600 pupils in 1961 to 630 pupils by mid-December 1962. The twenty-one classrooms consist of a kindergarten, three first grades, two second grades, three third grades, two fourth grades, two fifth grades, seven sixth grades, and a special education class. Three of the twenty-one teachers are beginning teachers, and the number of pupils in each classroom ranges from fourteen in the special education class to thirty-four in the kindergarten class.

The classes for special instruction (reading, speech, music, etc.) are held in the library, the cafetorium, or the multi-purpose rooms at various times during the school day.

The elementary curriculum is constantly being evaluated within the school by the staff and with the assistance of the other supervising principals and supervisors. This year special emphasis has been placed on spelling and reading, and the science instruction has been strengthened by additional science equipment purchased by the Elementary School Building Committee. The physical education area has been greatly enlarged by the appointment of a physical education instructor. A strong program has been developed and is being followed up daily by the classroom teachers. The school also has a series of scheduled sixth grade league games, with at least four games each week.

The pupils in grades three through six were tested for achievement in February with Iowa Tests of Basic Skills. The Otis Mental Ability Tests were administered in the first and fourth grades in the spring, and other standard tests were given in the areas of reading at all grade levels. System-developed tests were also administered in the area of spelling and arithmetic.

The teachers and the principal have continued their professional improvement through attendance at workshops and conventions within the system and throughout the state.

The school has had several parent-teacher conference days, and they were well attended. These parent-teacher conferences are of value in discussing individual pupil achievement throughout the year.

This past year we have had three student teachers from Stonehill College and one from Bridgewater State College. One of the trainees returned as a classroom teacher in September.

The patrol boys, under the direction of Safety Officer George Randall, have carried out their duties of protecting the other students in a mature manner, and they are a credit to their parents. In spite of the severe weather of the past year, the sixth graders were at their stations ready to carry on their assigned tasks.

The library reading program is still a motivating factor in reading, and we appreciate the assistance of Miss Irene Poirier, librarian at the Ames Free Library. Our own school library should be in full operation soon. The Elementary School Building Committee has purchased hundreds of books,

and many local organizations and townspeople have contributed funds or books for the school library.

The work of the Building Committee is nearly completed. They have made an outstanding contribution to the community with many hours of work in the field of education. It has been my pleasure to be associated with them.

Our needs are few at the present time, and the challenge to the teaching and non-teaching personnel of the Parkview School is great. We accept it gladly.

I wish to express my appreciation to all the townspeople, the local organizations, the school personnel, the parents, and of course the pupils of Parkview for their part in making our first year an interesting experience.

Respectfully submitted, •

JOHN KENT
Supervising Principal
Parkview School

SCHEDULE OF "NO SCHOOL" SIGNAL

The sirens of both the North Easton and South Easton fire stations will be used to sound the "no school" signal. The signal will be two blasts sounded three times in succession (2—2—2).

7:00 a. m.—No school all day at the Junior-Senior High Schools.

7:30 a. m.—No school all day in the elementary schools.

"No school" signals will be used only when weather conditions are unusually severe. The scattered population of the town and the extensive pupils transportation system make it necessary to sound the signal, if at all, a considerable time in advance of the opening hour of school sessions. It occasionally happens that weather conditions which appear promising at the hour the signal should be sounded become severe by the time many pupils start for school. Parents are requested to use their judgment in such cases as to whether or not a child should attend a school session. Absences from school under these circumstances will be marked in the school registers with distinctive marks and will not be counted against the child's perfect attendance record on the report cards.

Balance in Town Treasury, December 31, 1962 \$.02

All receipts, including the \$5,000.00 appropriation at the town meeting in March, go into a revolving fund in the Town Treasury for the support of athletics. Any unexpended balance on December 31 remains in this fund and is available for expenditures later without reappropriation at a Town Meeting. All expenditures from this fund are made through the Town Treasurer's office, in accordance with recently enacted legislation, (Chapter 658, Acts of 1950).

Receipts (\$5,000.00) and expenditures (\$5,000.00) from the town appropriation included above are also included in the detailed statement of expenditures for 1962 on the budget pages of the School Committee's annual report.

High honors are earned by pupils whose yearly marks in a particular department are all "A's"; honors are given those who have received but one "B," all other yearly marks being "A." Honors are not given in subjects requiring less than two years in curriculum nor to any pupil pursuing a subject less than the maximum number of years.

WARRANTS
AND PROCEEDINGS
for the
TOWN OF EASTON

For the Year Ending December 31,
1962

W A R R A N T
FOR ANNUAL TOWN MEETING

1 9 6 2

THE COMMONWEALTH OF MASSACHUSETTS

Bristol, ss.

To either of the Constables of the Town of Easton in the
County of Bristol.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Easton qualified to vote in elections and town affairs to meet in the Easton Junior High School Auditorium in said Easton on Monday, the 19th day of March, next at 8:00 o'clock p.m. then and there to act upon the following articles:

ARTICLE 1. To see if the Town will vote to accept the reports of the Selectmen, Assessors, Board of Public Welfare, Board of Health, Water Commissioners, Town Clerk, Treasurer, Collector of Taxes, School Committee, Town Accountant, Tree Warden and any committee of the Town and take action relative thereto.

ARTICLE 2. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray the Town Charges for the ensuing year and make appropriations for the same.

ARTICLE 3. To see if the Town will vote to raise and appropriate a sum of money for Memorial Day and Armistice Day to be expended under the direction of Elijah A. Morse Camp, Sons of Union Veterans of the Civil War, George S. Shepard Post No. 7, American Legion, George F. Schindler Post No. 2547, Veterans of Foreign Wars.

ARTICLE 4. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the Financial Year beginning January 1, 1963 and to issue a note or notes therefor payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, of the General Laws.

ARTICLE 5. To see what sum of money the Town will vote to instruct the Assessors to use from surplus revenue to reduce the tax levy for the current year.

ARTICLE 6. To see if the Town will vote to authorize the Selectmen to raise and appropriate for highway purposes, such sums as may be necessary for maintenance, improvement and construction of streets within the Town, said money to be used in conjunction with any money which may be allotted by the State or County for the purpose, or to take any other action in relation thereto.

ARTICLE 7. To see if the Town will vote to raise and appropriate a sum of money to be expended by the Moth Superintendent in control work against the Dutch Elm disease.

ARTICLE 8. To see if the Town will vote to raise and appropriate a sum of money for the purchase of trees for the Tree Department.

ARTICLE 9. To see if the Town will vote to raise and appropriate a sum of money for the support of athletics in the secondary schools of the Town.

ARTICLE 10. To see if the Town will vote to authorize the Fire Chief to appoint two permanent firemen in accordance with the provisions of Chapter 48, Section 42, of the General Laws, and to raise and appropriate a sum of money therefore.

ARTICLE 11. To see if the Town will vote to purchase a Combination Fire Truck for the Fire Department, and to raise and appropriate a sum of money therefor.

ARTICLE 12. To see if the Town will vote to purchase two new snow plows for the Highway Department and to raise and appropriate a sum of money therefor.

ARTICLE 13. To see if the Town will vote to purchase a four-wheel drive front-end loader with 1½ yd. scoop for the Highway Department, and to raise and appropriate \$10,000 and to transfer \$5,000 from available Ames Highway Funds, or to take any other action in relation thereto.

ARTICLE 14. To see if the Town will vote to purchase two new police cruisers for the Police Department and to apply two of the automobiles of said department towards the purchase price of the same, and to raise and appropriate a sum of money therefor.

ARTICLE 15. To see if the Town will vote to authorize the Board of Selectmen, for and in behalf of the Town, to acquire by gift, that portion of Long Pond situated in the Town of Easton and certain parcels of land bounding said pond, as shown on a plan of land on file in the Town Clerk's office, the fee thereof to be conveyed to the Town by the owner thereof by Deed of Gift, the same to be used for Town purposes, and to raise and appropriate a sufficient sum of money to do necessary work on said pond or land, or take any other action in relation thereto.

ARTICLE 16. To see if the Town will vote to further amend Article VII, Section 3 of the Town By-laws as most recently amended, so that the second sentence thereof is abolished and the following new sentence is inserted in place thereof, Namely: "Such calls for proposals shall be advertised in a newspaper of general circulation in the Town, with such publication to be at least seven days before the opening of the bids".

ARTICLE 17. To see if the Town will vote to amend the By-laws of the Town by inserting after Article XIII the following new article.

"ARTICLE XIV.—Vacation Leave for Town Employees"

Section 1. This article shall apply to all fulltime employees (including regular members of the Police and Fire force) of the Town other than those appointed by the School Committee.

Section 2. Any such employee who has worked continually for fifteen (15) years for the Town shall be granted an annual vacation leave of three weeks without loss of pay. Such vacation leave shall be granted at such time or times as in the opinion of the Board or person in charge will cause the least interference with the performance of their regular work or duties.

ARTICLE 18. To see if the Town will vote to amend the By-laws of the Town by inserting after Article XIV the following new article.

"ARTICLE XV—Earth Removal

Section 1. For the purposes of this by-law "earth" shall include soil, loam, sand or gravel, the "inspector" shall be the building inspector (or such person as may be appointed by the selectmen to carry out these duties), and "board" shall mean the Board of Selectmen.

Section 2. The removal of earth from any parcel of land not in public use in the town, except as hereinafter provided, shall be allowed only after a written permit therefor is obtained from the building inspector.

Section 3. Any person wishing to remove such material from a property in the Town shall file a formal application with the building inspector, which application shall include the following specific information and supporting documentation:

- a. The location of the proposed excavation.
- b. The legal name and address of the owner of the property involved.
- c. The legal name and address of the petitioner, which address shall be used by the board for all correspondence thereafter.

- d. A plan of the land involved prepared by a registered land surveyor or registered professional engineer, showing topography by five foot contours within one hundred feet of the proposed excavation or to the property line.

Section 4. No permit for the removal of soil, loam, sand or gravel shall be issued by the building inspector, except as provided in Section 8 until a public hearing has been held by the Board of Selectmen, notice of which shall have been given at least fourteen days in advance by publishing in a paper commonly used for such notices in the community, posting copies thereof at the Town Offices and mailing copies thereof to the abutters, and a favorable finding has been received in writing from said board.

Section 5. Any permit issued hereinafter shall automatically expire upon the completion of the earth removal project for which it was issued or at such other time as may be specified in the permit.

Section 6. Approval of the renewal of a permit for a period not in excess of one year may be made by the Board of Selectmen without hearing if the Board, after a report from the building inspector, finds that all conditions then applicable have been complied with and that the work has been carried on continuously and in good faith.

Section 7. No permit shall be required for the moving of earth on an individual parcel.

Section 8. The building inspector, without reference to the Board, may issue permits, without hearing, for the removal from the site of earth for the following purposes:

- a. Where necessary as part of farm, garden or nursery activities.
- b. As part of cemetery operation.
- c. Where incidental to landscaping or similar activities for which building or zoning permits are not required.

- d. Where such soil, loam, sand or gravel is not necessary in connection with the construction of a building being built in accordance with a permit issued by the building inspector, the amount to be removed to be limited to the volume of the foundation and basement of the building.
- e. Where such earth is not needed in connection with the construction of a private road.

Section 9. Earth removal activities in lawful operation on any parcel of land at the time this by-law is adopted may continue unless and until abandoned for more than twelve (12) consecutive months. However, unless specifically authorized by a new permit issued hereunder:

- a. The depth of excavation shall not be increased below the grade of the lowest point excavated on the effective date of this by-law.
- b. The total area of excavation within the parcel shall not be increased by more than fifty (50) percent over its area on said effective date.
- c. The average amount of material extracted or removed per day shall not be increased by more than fifty (50) percent over such daily average for the twelve (12) consecutive months preceding said effective date (or for the actual period of operations if less than twelve months).

Section 10. No permit for the removal of earth shall be approved by the Board of Selectmen or building inspector except upon condition that a cover of topsoil of not less than five (5) inches in depth shall be replaced or allowed to remain, except when, due to construction of roads, buildings or other permanent physical features, such provision is impractical.

Section 11. No permit shall be issued for the removal of earth in any location if such removal:

- a. Will endanger the public health or safety or constitute a nuisance.

- b. Will produce noise, dust or other effects observable at the lot lines in amounts seriously objectionable or detrimental to the normal use of adjacent property.
- c. Will result in the transportation of materials in such a manner as to cause traffic congestion or hazards, particularly on residential streets.
- d. Will result in the transportation over ways which will be unduly injured thereby.
- e. Will result in a change in topography and cover which will be disadvantageous to the most appropriate use of the land.

Section 12. No permit for the removal of earth shall be approved by the Board if the work extends within (300) feet of a way open to public use, whether public or private, or within (250) feet of a building or structure unless the Board is satisfied that such removal will not undermine the way or structure.

Section 13. In approving the issuance of a permit, the Board may impose such reasonable conditions as it sees fit, and such conditions shall be written upon and shall constitute part of the permit.

Section 14. The Board may require a bond or other security to evidence performance of conditions imposed by this by-law or by the Board.

Section 15. The inspector may enter upon the premises from time to time to inspect and ensure proper conduct of the work.

Section 16. Upon petition of the owner, permit-holder or abutters, the Board may hold a new hearing and reissue or modify the permit, subject to any regulations not in conflict with this by-law.

Section 17. The Board may order the revocation of or suspension of a permit if the conditions established hereunder are not complied with; but the permit-holder in such situation shall not be relieved of his obligations thereunder.

Section 18. The inspector, if he concludes that there has been a violation of this by-law, shall send to the offender, by registered mail, to the address stated on the initial application, and if applicable, a notice ordering a cessation of the improper activities.

Section 19. If a permit-holder or other offender persists in such violation, the inspector shall seek the imposition of the penalties authorized by paragraph 17 of Section 21 of Chapter 40, G. L., through appropriate legal action, and the penalty for removing earth in violation of this by-law shall be a fine of not more than fifty dollars for the first offense after such warning, not more than one hundred dollars for the second offense, and not more than two hundred dollars for any subsequent offense.

Section 20. If the offender holds a permit issued under the by-laws, such permit may be revoked by the inspector."

ARTICLE 19. To see if the Town will vot to amend the provisions of Article 1, Section 4 of the Town by-laws so that in place thereof there shall be substituted the following:

"Section 4. At a special meeting of the Town not less than two hundred legal voters shall constitute a quorum."

ARTICLE 20. To see if the Town will vote to amend the Town by-laws by inserting after Section 4 of Article I (Town Meetings), the following new section:

"Section 5. At the annual meeting of the Town not less than two hundred voters shall constitute a quorum."

ARTICLE 21. To see if the Town will vote to amend the Town by-laws by inserting after Section 5 of Article I (Town Meetings), the following new section:

"Section 6. At any annual or special Town meeting when any article is put to the meeting for a vote, if a voter stands to request a secret ballot, he shall be prompt-

ly recognized by the Moderator and if on inquiry by the Moderator such voter is joined by at least twenty-nine (29) other standing voters the Moderator shall automatically order a secret ballot without debate."

ARTICLE 22. To see if the Town will vote to authorize the committee appointed under Article 41 of the Annual Town Meeting of 1958 to continue its work and studies of the needs for the Housing of the Town Departments, said committee to report its further findings and recommendations at the next regular town meeting or at any earlier special town meeting, or to take any other action in relation thereto.

ARTICLE 23. To see if the Town will vote to authorize the Moderator to appoint a committee of five, consisting of one member of the Board of Selectmen and one Water Commissioner and three other citizens of the Town, to study the advisability of creating a Public Works Department, said committee to report its findings and recommendations at the next annual town meeting or at any prior special town meeting, or to take any other action in relation thereto.

ARTICLE 24. To see if the Town will authorize the Moderator to appoint a School Building Committee, consisting of nine (9) individuals, two of whom shall be members of the School Committee, said Committee to obtain preliminary school building plans, drawings, specifications, for additions to existing schools, or a proposed new school and suitable site, or both additions to existing schools and a secondary school; and that the sum of \$8,576.23 be appropriated for this purpose, it being the sum of unused balances of former school building projects, as stated on Page 240 of the annual Town Report of 1960, said Committee to report its findings at the next annual Town Meeting or at any prior Special Town Meeting.

ARTICLE 25. To see if the Town will vote to create a special unpaid committee to be known as the Regional Vocational School District Planning Committee, to consist of three members, including one member of the School Committee, all to be appointed by the Moderator, which committee may join with a comparable committee or committees, from one or more neighboring Towns and/or City, to form a Regional Vocational School District Planning Board for the purpose of

studying the advisability of establishing a Regional Vocational School District, and making recommendations, relative thereto, pursuant to Chapter 71, of the General Laws, Sections 14 to 161 inclusive.

ARTICLE 26. To see if the Town will vote to have the Moderator appoint a committee of five (5) citizens to study the entire salary schedules of all employees and elected and appointed officials of the Town, to evaluate the work of each and to bring their recommendations to the next annual Town Meeting or any Special Town Meeting that may be called. This committee will also investigate the feasibility of the Town establishing a Personnel Board in accordance with Chapter 41, Section 108C, or any other law pertaining to Personnel Boards, or to take any other action in relation thereto.

ARTICLE 27. To see if the Town will vote to accept the provisions of General Laws, Chapter 40, Section 8C, which provides in substance that upon acceptance, a Town may establish a conservation commission of not less than three nor more than seven members, for the promotion and development of the natural resources of the town, and to instruct the Selectmen to appoint such a commission consisting of five members, with two to be appointed for a term of three years, two to be appointed for a term of two years, and one to be appointed for a term of one year, and thereafter for a term of three years, or take any other action in relation thereto.

ARTICLE 28. To see if the Town will vote to accept as altered and relocated by the Selectmen, a portion of Depot Street easterly of the Five Corners, as shown on a plan on file at the Town Clerk's office, or take any other action in relation thereto.

ARTICLE 29. To see if the Town will vote to authorize the Selectmen for and in behalf of the Town, to purchase, to acquire by gift or to take by right of eminent domain certain parcels of land necessary for the alteration and relocation of a portion of Depot Street easterly of the Five Corners, as shown on a plan on file in the Town Clerk's office, and to raise and appropriate a sum of money for that purpose or to take any other action in relation thereto.

ARTICLE 30. To see if the Town will vote to raise and appropriate, or transfer from Available Funds in the treasury, a sum of money for the permanent construction of Depot Street easterly of the Five Corners, or to take any other action in relation thereto.

ARTICLE 31. To see if the Town will vote to eliminate the necessity of printing an itemized listing of salaries and expenditures of the various Town Officers and Departments in the Town Accountant's report contained in the Annual Town Report, and to only require that such report consist of the total appropriations, expenditures and balances of the various officers and departments of the Town, or to take any other action relative thereto.

ARTICLE 32. To see if the Town will vote to set a rate of \$4.50 a linear foot as a rate of assessment to be charged to abutters on public ways for the construction of water mains as authorized by Chapter 40 of the General Laws, Sections 42G-42I inclusive, or to take any other action in relation thereto.

ARTICLE 33. To see if the Town will vote to transfer a sum of money already credited to the Water Department to the Bonded Indebtedness Account and for Insurance Purposes, or to take any other action in relation thereto.

ARTICLE 34. To see if the Town will vote to purchase a new $\frac{3}{4}$ Ton truck for the Water Department, a 1955 pick-up truck held by said Department to be applied towards the purchase price of the same and to appropriate a sum of money therefor from the Water Available funds, or to take any other action in relation thereto.

ARTICLE 35. To see if the Town will vote to raise and appropriate a sum of money to be used in conjunction with unexpended sums remaining from previous water main extension appropriations for the purpose of extending a not less than 6" water main on Summer Street from the existing dead-end westerly to Randall Street, thence northerly and westerly on Randall Street to Bay Road, thence northerly on Bay Road to the main line at the junction of Bay Road and Lincoln Street, and that to meet said appropriation the Treasurer, with the approval of the Board of Selectmen, be author-

ized to borrow such sum of money and to issue bonds or notes of the Town therefor payable in not more than fifteen (15) years in accordance with the provisions of Chapter 44 of the General Laws, or to take any other action in relation thereto. (By Petition)

ARTICLE 36. To see if the Town will vote to raise and appropriate a sum of money to be used in conjunction with an unexpended sum of previous appropriations for the purpose of extending water mains, such sum as may be necessary to extend a not less than 6" water main on Depot Street from existing dead end westerly to Cross Street, thence northerly and westerly on Cross Street to Bay Road, thence southerly on Bay Road to Foundry Street, thence easterly on Foundry Street to a point 2500' easterly of Bay Road, and to meet said appropriation that the Treasurer, with the approval of the Board of Selectmen, be authorized to borrow said sum of money and to issue bonds or notes of the Town therefor payable in not more than fifteen (15) years in accordance with and under the authority of Chapter 44 of the General Laws, or to take any other action in relation thereto. (By Petition)

ARTICLE 37. To see if the Town will vote to raise and appropriate a sum of money to correct drainage condition on Marshall Road from the junction of Calvin Road and Marshall Road to the existing catch basin south of Kenneth Road, or take any other action relative thereto. (By Petition)

ARTICLE 38. To see what action the Town will take in respect of the report and recommendations of the Planning-Zoning Board concerning a further amendment to Section 8, Clause 8-2, of the present Town zoning by-laws as most recently amended, whereby no building shall be erected on a lot in a single family residence area having less than 20,000 square feet and not less than 150 feet of frontage on a street or way, a copy of which report and recommendations is on file at the office of the Town Clerk.

ARTICLE 39. To see if the Town will vote to further amend the present Town Zoning by-laws, so that the second sentence of Section 8, Clause 2, as most recently amended, shall read as follows:

"No building shall hereafter be erected in that area called single family residence and shown on the "Pro-

ductive By-Law Map" on a lot having an area less than 20,000 square feet and not less than 120 feet frontage on a street or way."

ARTICLE 40. To see what action the Town will take in respect to the report and recommendations of the Planning-Zoning Board concerning an amendment to the present Town Zoning by-laws whereby the present general residence zone shall be extended in a south and westerly direction, more particularly described as the land contained within the lines of the North Easton Village line on the west and south, and Sheridan Street and the present general residence zone on the east and north, a plan of said land and a copy of said report and recommendations being on file in the office of the Town Clerk.

ARTICLE 41. To see if the Town will vote to authorize a zoning by-law change to extend the present General Residence Zone in a south and westerly direction, more particularly described as the land contained within the lines of the North Easton Village Line to the west and south, and Sheridan Street and the present General Residence Zone on the east and north. (By Petition).

ARTICLE 42. To transact any other business that may legally come before said meeting.

And you are directed to notify and warn the inhabitants of the Town of Easton, qualified to vote in elections, residing in Precinct One, to meet at the Furnace Village School; those residing in Precinct Two to meet at the Easton Junior High School Auditorium; and those residing in Precinct Three, to meet at the South Easton School House on Monday, the 26th day of March next at 10 o'clock in the forenoon to bring in their votes all on one ballot for one member of the Board of Assessors, for a term of three years; one member of the Board of Health, for a term of three years; two members of the School Committee, for a term of three years; Moderator, for a term of one year; one Selectman, for a term of three years; one member of the Board of Public Welfare, for a term of three years; one member of the Board of Water Commissioners, for a term of three years; Tree Warden, for a term of one year; one member of the Planning Board, for a term of

five years; Recreation Commission, two members for a term of three years, two members for a term of two years, and one member for a term of one year; and a Finance Committee of fifteen, all for a term of one year, and to vote on the following question.

QUESTION: Shall an act passed by the General Court in the year nineteen hundred and forty nine entitled 'An Act Relative To The Granting Of Vacations For Members Of The Regular Or Permanent Police And Fire Forces In Certain Cities And Towns' be accepted? (To be voted YES or NO) A fair and concise summary of which appears below:

A Vote in the affirmative on the above question would give all members of the regular police or fire force a vacation of three weeks without loss of pay for five years' service, and a vacation of four weeks without loss of pay for ten years' service or more.

The Polls will be open at 10 o'clock a.m. and shall be closed at 8 o'clock p.m.

You are directed to serve this Warrant by posting attested copies thereof, one at each meeting house and post office in said Town, and one at the Easton Junior High School Auditorium seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of holding said meeting, and said Town Clerk is hereby required to make return of this Warrant to the Warden or Deputy Warden at the time and place of holding said meeting for the election of officers, and said Warden is hereby required to make return of this Warrant to the Town Clerk, together with his return of officers elected at the close of said meeting.

Given under our hands this 26th day of February in the year nineteen hundred and sixty-two.

HARLAND F. ALMQUIST

ARTHUR H. TUFTS

RICHARD J. KENT

Selectmen of Easton

Easton, Mass., March 10, 1962

Bristol, ss.

By virtue hereof, and as within directed, I have this day posted attested copies of this warrant. A copy was also posted at the Town Office.

GEORGE A. PIERSON

Constable of Easton

ANNUAL TOWN MEETING, MARCH 19, 1962

Article 11. Voted to table the article.

Article 12. Voted that the article be dismissed.

Article 13. Voted that the article be dismissed.

Article 14. Voted to purchase two new police cruisers for the Police Department and to apply two of the automobiles of said department towards the purchase price of same and to raise and appropriate the sum of \$2,110.00 therefor.

Article 15. Voted to authorize the Board of Selectmen, for and in behalf of the Town, to acquire by gift, that portion of Long Pond situated in the Town of Easton and certain parcels of land bounding said pond, as shown on a plan of land on file in the Town Clerk's office, the fee thereof to be conveyed to the Town by the owner thereof by Deed of Gift, the same to be used for Town purposes and to raise and appropriate the sum of \$1,500.00 to do necessary work on said pond or land.

Article 16. Voted to further amend Article VII, Section 3 of the Town By-Laws as most recently amended, so that the second sentence thereof is abolished and the following new sentence is inserted in place thereof, Namely: "Such calls for proposals shall be advertised in a newspaper of general circulation in the Town, with such publication to be at least seven days before the opening of the bids."

Unanimous vote.

Article 17. Voted to amend the By-laws of the Town by inserting after Article XIII the following new article.

"ARTICLE XIV.—Vacation Leave for Town Employees"
Section 1. This article shall apply to all fulltime employees (including regular members of the Police and Fire force) of the Town other than those appointed by the School Committee.

Section 2. Any such employee who has worked continually for fifteen (15) years for the Town shall be granted an annual vacation leave of three weeks without loss of pay. Such vacation leave shall be granted at such time or times as in the opinion of the Board or person in charge will cause the least interference with the performance of their regular work or duties.

(Vote: Affirmative 250; Negative 28)

Meeting adjourned at 11:00 P. M. until tomorrow evening at eight o'clock P. M.

**NOTICE OF ADJOURNED ANNUAL TOWN MEETING
TOWN OF EASTON**

Commonwealth of Massachusetts

March 23, 1962

Be it known that the Annual Town Meeting held March 19, 1962 was duly adjourned to Wednesday, March 21, 1962 at eight o'clock P. M. in the Junior High School Auditorium and further adjourned to Thursday, March 22, 1962 and further adjourned to Friday, March 23, 1962 at eight o'clock P. M. in the Junior High School Auditorium to see what action the Town will take in respect to Article 18 through Article 42 inclusive and any and all matters that may legally come before the meeting.

STANLEY F. RICE

Town Clerk of Easton

ADJOURNED TOWN MEET, MARCH 23, 1962

The meeting was called to order at eight o'clock P. M. by the Moderator, Leo M. Harlow, with the reading of the notice of the adjourned town meeting. There were 263 voters present.

Article 18. Voted to amend the By-laws of the Town by inserting after Article XIV the following new article.

"ARTICLE XV—Earth Removal"

Section 1. For the purposes of this by-law "earth" shall include soil, loam, sand or gravel, the "inspector" shall be the building inspector (or such person as may be appointed by the selectmen to carry out these duties), and "board" shall mean the Board of Selectmen.

Section 2. The removal of earth from any parcel of land not in public use in the town, except as hereinafter provided, shall be allowed only after a written permit therefor is obtained from the building inspector.

Section 3. Any person wishing to remove such material from a property in the Town shall file a formal application with the building inspector, which application shall include the following specific information and supporting documentation:

- a. The location of the proposed excavation.
- b. The legal name and address of the owner of the property involved.
- c. The legal name and address of the petitioner, which address shall be used by the board for all correspondence thereafter.
- d. A plan of the land involved prepared by a registered land surveyor or registered professional engineer, showing topography by five foot contours within one hundred feet of the proposed excavation or to a property line.

Section 4. No permit for the removal of soil, loam, sand or gravel shall be issued by the building inspector, except as provided in Section 8 until a public hearing has been held by the Board of Selectmen notice of which shall have been given at least fourteen days in advance by publishing in a paper commonly used for such notices in the community posting copies thereof at the Town Offices and mailing copies thereof to the abutters and a favorable finding has been received in writing from said board.

Section 5. Any permit issued hereinafter shall automatically expire upon the completion of the earth removal project for which it was issued or at such other time as may be specified in the permit.

Section 6. Approval of the renewal of a permit for a period not in excess of one year may be made by the Board of Selectmen without hearing if the Board, after a report from the building inspector, finds that all conditions then applicable have been complied with and that the work has been carried on continuously and in good faith.

Section 7. No permit shall be required for the moving of earth on an individual parcel.

Section 8. The building inspector, without reference to the Board, may issue permits, without hearing, for the removal from the site of earth for the following purposes:

- (a) Where necessary as part of farm, garden or nursery activities.
- (b) As part of cemetery operation.
- (c) Where incidental to landscaping or similar activities for which building or zoning permits are not required.
- (d) Where such soil, loam, sand or gravel is not necessary in connection with the construction of a building being built in accordance with a permit issued by the building inspector, the amount to be removed to be limited to the volume of the foundation and basement of the building.
- (e) Where such earth is not needed in connection with the construction of a private road.

Section 9. Earth removal activities in lawful operation on any parcel of land at the time this by-law is adopted may continue unless and until abandoned for more than twelve (12) consecutive months. However, unless specifically authorized by a new permit issued hereunder:

- (a) The depth of excavation shall not be increased below the grade of the lowest point excavated on the effective date of this by-law.
- (b) The total area of excavation within the parcel shall not be increased by more than fifty (50) percent over its area on said effective date.
- (c) The average amount of material extracted or removed per day shall not be increased by more than fifty (50) percent over such daily average for the twelve (12) consecutive months preceding said effective date (or for the actual period of operation if less than twelve months).

Section 10. No permit for the removal of earth shall be approved by the Board of Selectmen or building inspector except upon condition that a cover of topsoil of not less than five (5) inches in depth shall be replaced or allowed to re-

main, except when, due to construction of roads, buildings or other permanent physical features, such provision is impractical.

Section 11. No permit shall be issued for the removal of earth in any location if such removal:

- (a) Will endanger the public health or safety or constitute a nuisance.
- (b) Will produce noise, dust or other effects observable at the lot lines in amounts seriously objectionable or detrimental to the normal use of adjacent property.
- (c) Will result in the transportation of materials in such a manner as to cause traffic congestion or hazards, particularly on residential streets.
- (d) Will result in the transportation over way which will be unduly injured thereby.
- (e) Will result in a change in topography and cover which will be disadvantageous to the most appropriate use of the land.

Section 12. No permit for the removal of earth shall be approved by the Board if the work extends within (300) feet of a way open to public use, whether public or private, or within (250) feet of a building or structure unless the Board is satisfied that such removal will not undermine the way or structure.

Section 13. In approving the issuance of a permit, the Board may impose such reasonable conditions as it sees fit, and such conditions shall be written upon and shall constitute part of the permit.

Section 14. The Board may require a bond or other security to evidence performance of conditions imposed by this by-law or by the Board.

Section 15. The inspector may enter upon the premises from time to time to inspect and ensure proper conduct of the work.

Section 16. Upon petition of the owner, permitholder or abutters, the Board may hold a new hearing and reissue or

modify the permit, subject to any regulations not in conflict with this by-law.

Section 17. The Board may order the revocation of or suspension of a permit if the conditions established hereunder are not complied with; but the permit-holder in such situation shall not be relieved of his obligations thereunder.

Section 18. The inspector, if he concludes that there has been a violation of this by-law, shall send to the offender, by registered mail, to the address stated on the initial application, and if applicable, a notice ordering a cessation of the improper activities.

Section 19. If a permit-holder or other offender persists in such violation, the inspector shall seek the imposition of the penalties authorized by paragraph 17 of Section 21 of Chapter 40 G. L. through appropriate legal action and the penalty for removing earth in violation of this by-law shall be a fine of not more than fifty dollars for the first offense after such warning not more than one hundred dollars for the second offense and not more than two hundred dollars for any subsequent offense.

Section 20. If the offender holds a permit issued under the by-laws, such permit may be revoked by the inspector."

(Affirmative 165, Negative 77)

Article 19. Voted to amend the provisions of Article 1, Section 4 of the Town by-laws so that in place thereof there shall be substituted the following:

"Section 4. At a special meeting of the Town not less than two hundred legal voters shall constitute a quorum."

(Unanimous Vote)

Article 20. Voted to amend the Town by-laws by inserting after Section 4 of Article 1 (Town Meetings), the following new section:

"Section 5. At the annual meeting of the Town not less than two hundred voters shall constitute a quorum."

(Unanimous Vote)

Article 21. Voted to amend the Town by-laws by inserting after Section 5 of Article I (Town Meetings), the following new section:

"Section 6. At any annual or special Town meeting when any article is put to the meeting for a vote, if a voter stands to request a secret ballot, he shall be promptly recognized by the Moderator and if on inquiry by the Moderator such voter is joined by at least twenty-nine (29) other standing voters the Moderator shall automatically order a secret ballot without debate."

(Unanimous Vote)

Article 22. Voted to authorize the committee appointed under Article 41 of the Annual Town Meeting of 1958 to continue its work and studies of the needs for the Housing of the Town Departments, said committee to report its further findings and recommendations at the next regular town meeting or at any earlier special town meeting.

Article 23. Voted to authorize the Moderator to appoint a committee of five, consisting of one member of the Board of Selectmen and one Water Commissioner and three other citizens of the Town, to study the advisability of creating a Public Works Department, said committee to report its findings and recommendations at the next annual town meeting or at any prior special town meeting.

Article 24. Voted to authorize the Moderator to appoint a School Building Committee, said Committee to limit their activities to obtaining preliminary school building plans, drawings, and specifications for additions to the Oliver Ames High School located on Columbus Avenue, and that the sum of \$8,576.23 be appropriated for this purpose, it being the sum of unused balances of former school building projects, as stated on page 240 of the annual Town Report of 1960, said Committee to report its findings at the next annual Town Meeting or at any prior Special Town Meeting. (This article was amended).

Article 25. Voted to create a special unpaid committee to be known as the Regional Vocational School District Planning Committee, to consist of three members, including one member of the School Committee, all to be appointed by the

Moderator, which committee may join with a comparable committee or committees from one or more neighboring Towns and/or City, to form a Regional Vocational School District Planning Board for the purpose of studying the advisability of establishing a Regional Vocational School District, and making recommendations, relative thereto pursuant to Chapter 71 of the General Laws Section 14 to 161 inclusive.

Article 26. Voted to have the Moderator appoint a committee of five (5) citizens to study the entire salary schedules of all employees and elected and appointed officials of the Town to evaluate the work of each and to bring their recommendations to the next annual Town Meeting or any Special Town Meeting that may be called. This committee will also investigate the feasibility of the Town establishing a Personnel Board in accordance with Chapter 41 Section 108C or any other law pertaining to Personnel Boards.

Article 27. Voted to accept the provisions of General Laws, Chapter 40, Section 8C, which provides in substance that upon acceptance, a Town may establish a conservation commission of not less than three nor more than seven members, for the promotion and development of the natural resources of the town, and to instruct the Selectmen to appoint such a commission consisting of five members with two to be appointed for a term of three years two to be appointed for a term of two years and one to be appointed for a term of one year and thereafter for a term of three years.

Article 28. Voted to accept as altered and relocated by the Selectmen, a portion of Depot Street easterly of the Five Corners, as shown on a plan on file at the Town Clerk's office.

Article 29. This article was not a vote.

Article 30. Voted that the article be dismissed.

Article 31. Voted that the article be dismissed.

Article 32. Voted to set a rate of \$4.50 a linear foot as a rate of assessments to be charged to abutters on public ways for the construction of water mains as authorized by Chapter 40 of the General Laws, Sections 42G-42I inclusive.

Article 33. Voted to transfer the sum of \$25,000.00 already credited to the Water Department to the Bonded Indebtedness Account and the sum of \$1,050.00 already credited to the Water Department to the Insurance Account.

Article 34. Voted to purchase a new $\frac{3}{4}$ ton truck for the Water Department, a 1955 pick-up truck held by said Department to be applied towards the purchase price of the same and to appropriate the sum of \$1,484.00 therefor from the Water Available funds.

Article 35. Voted that the article be dismissed.

Article 36. Voted that the article be dismissed.

Article 37. Voted that the article be dismissed.

Voted that Articles 38 through 42 be dismissed and that the meeting be adjourned.

A true record. Attest:

STANLEY F. RICE

Town Clerk

QUESTION NO. 1

Proposed Amendment to the Constitution

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held May 13, 1959, received 143 votes in the affirmative and 118 in the nega-

		YES	
		NO	

tive, and in a joint session of the two branches held March 29, 1961, received 144 votes in the affirmative and 121 in the negative.

Summary

The proposed amendment imposes no new taxes but gives the General Court the power to pass an income tax at graduated or proportioned rates and is a change in the constitutional limitations now in effect on the power of the General Court to pass tax measures. The proposed amendment would add a new Article to the Constitution of the Commonwealth by which full power and authority is granted to the General Court, in the alternative to the power and authority to tax incomes in the manner provided in Article XLIV of the Amendments to the Constitution, to impose a tax on incomes at rates which are proportioned or graduated according to the amount of income received, irrespective of the source from which it may be derived and to grant reasonable exemptions, deductions and abatements. It further provides that any property the income of which is taxed under the provisions of the proposed Article may be exempted from the imposition and levying of proportional and reasonable assessments, rates and taxes as at present authorized by the Constitution, and that the Article shall not be construed to limit the power of the General Court to impose and levy reasonable duties and excises.

QUESTION NO. 2

Law Submitted Upon Referendum After Passage

Do you approve of a law summarized below,
which was approved by both branches of the General Court by vote not recorded?

YES
NO

Summary

This act increases the compensation each member of the General Court shall receive for each regular annual session from fifty-two hundred dollars to sixty-seven hundred dollars

and increases the additional compensation the President of the Senate and the Speaker of the House of Representatives shall receive from fifty-two hundred dollars to sixty-seven hundred dollars. The act also increases the additional compensation the floor leaders of the major political parties in the Senate and House of Representatives, the Chairman of the Senate Committee on Ways and Means and the Chairman and Vice-Chairman of the House Committee on Ways and Means shall receive from twenty-six hundred dollars to thirty-three hundred and fifty dollars and provides that a member of the General Court chosen to fill a vacancy, or who resigns his seat during a regular annual session, shall receive a per diem compensation at the increased rate of compensation for each regular annual session.

QUESTION NO. 3

A. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whisky, rum, gin, malt beverages, wines and all other alcoholic beverages)?

YES
NO

B. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

YES
NO

C. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

YES
NO

QUESTION NO. 4

A. Shall the pari-mutuel system of betting on licensed horse races be permitted in this county?

YES
NO

B. Shall the pari-mutuel system of betting on licensed dog races be permitted in this county?

YES
NO

The polls will be open from 9:00 A.M. to 8:00 P.M.

And you are directed to serve this warrant, by posting up attested copies thereof at seven (7) public places in said Town, seven (7) days at least before the time of holding of said meeting.

Hereof fail not and make return of this warrant with your doings thereon to the Town Clerk at the time and place of said meeting.

Given under our hands this 24th day of October, A.D. 1962.

RICHARD J. KENT

WARRANT**FOR SPECIAL TOWN MEETING**

November 26, 1962

THE COMMONWEALTH OF MASSACHUSETTS

Bristol, ss.

To either of the Constables of the Town of Easton in the
County of Bristol.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the inhabitants of the Town of Easton qualified to vote in elections and town affairs to meet in the Junior High School Auditorium in said Easton on

Monday, the twenty-sixth day of November, next, at 8:00 o'clock P.M. then and there to act upon the following articles:

ARTICLE 1. To see if the Town will vote to raise and appropriate a sum of money for Veterans Benefits, or to take any other action in relation thereto.

ARTICLE 2. To see if the Town will vote to authorize the Housing Committee appointed under Article 41 of the Annual Town Meeting of 1958 to engage the services of a competent Real Estate Appraiser to appraise the value of the Old Colony Railroad Company Station and grounds, located in North Easton, and employ the services of such other persons as are necessary to estimate the cost of converting said Station into a police station, and to raise and appropriate a sum of money therefor, or to take any other action in relation thereto.

ARTICLE 3. To see if the Town will vote to raise and appropriate a sum of money for the purpose of constructing and originally equipping and furnishing an addition to the Oliver Ames High School building and to determine whether the money shall be provided for by taxation, by appropriation from available funds in the treasury, and by borrowing under authority of Chapter 645 of the Acts of 1948, as amended, or otherwise, or take any action in relation thereto.

ARTICLE 4. To see if the Town will vote to authorize the School Building Committee appointed in accordance with the vote of the Town under Article 24 at its last Annual Town Meeting, to enter into, execute and deliver in behalf of the Town, such agreements, contracts or other instruments, and to incur indebtedness and pay the same, all for the purpose of constructing an addition to the Oliver Ames High School, and for originally equipping and furnishing said addition, or to take any other action in relation thereto.

ARTICLE 5. To see if the Town will vote to authorize the Selectmen for and in behalf of the Town to purchase, acquire by gift, or take by right of eminent domain certain land situated on the northerly side of the entrance to the Parkview School, commonly called the Benson property, and shown on a plan on file in the Town Clerk's office, the same to be used for school purposes, and to appropriate by transfer

the sum of \$6,000.00 from the balance remaining in the fund raised and appropriated under Article 5 of the warrant for the Special Town Meeting of February 15, 1960, or take any other action in relation thereto.

ARTICLE 6. To see if the Town will vote to amend the provisions of Article II, Section 1 of the Town By-Laws so that in place thereof there shall be substituted the following:

"Section 1. There shall be a Finance Committee of fifteen members, which committee shall be elected at the next Annual Town Election following the Town Meeting at which this by-law is adopted in the following manner: Five to be elected for a term of three years, five to be elected for a term of two years, and five to be elected for a term of one year. Thereafter the members of said committee shall be elected for a three year term."

ARTICLE 7. To transact any other business that may legally come before the meeting.

You are directed to serve this warrant by posting attested copies thereof, one at each meeting house and Post Office in said Town, one at the Town Office and one at the Junior High School Auditorium seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk at the time and place of holding said meeting.

Given under our hands this 15th day of November in the year nineteen hundred and sixty-two.

RICHARD J. KENT
HARLAND F. ALMQUIST
ARTHUR H. TUFTS

Selectmen of Easton

A true copy. Attest:

GEORGE A. PIERSON,

Constable of Easton

This 17th day of November, 1962.

Easton, November 17, 1962

Bristol, ss.

By virtue hereof, and as within directed, I have this day posted attested copies of this warrant.

GEORGE A. PIERSON,

Constable of Easton

SPECIAL TOWN MEETING

NOVEMBER 26, 1962

The meeting was called to order at eight o'clock P.M. by the Moderator, Leo M. Harlow. Mr. Norman Anderson moved and it was so voted that the meeting adjourn until 8:15 P.M. When the meeting was again called to order at 8:15 P.M., there were 201 registered voters checked in.

Mr. Roger McNamara, chairman of the school building committee, requested that the architect, Mr. Rich, and his assistant, be admitted to the meeting. Mr. Harold A. Daly was in opposition, so they were not admitted.

Mr. Harold A. Daly protested the legality of the adjournment of the meeting.

ARTICLE 1. Voted to raise and appropriate the sum of \$10,000 for Veterans' Benefits.

ARTICLE 2. This article was not a vote.

ARTICLE 3. This article was not a vote. (Affirmative 155, Negative 84).

Upon the motion of Mr. Norman Anderson — Voted that the term of the School Building Committee appointed under Article 24 of the Annual Town Meeting of March 1962 be

extended to report at the Annual Town Meeting of 1963 or any Special Town Meeting in the interim.

Mr. Claude Mourey moved for reconsideration of the vote under this article. This was not a vote. (Affirmative 158, Negative 42).

ARTICLE 4. The article was dismissed.

ARTICLE 5. Voted to authorize the Selectmen for and in behalf of the Town to purchase, acquire by gift, or take by right of eminent domain certain land situated on the northerly side of the entrance to the Parkview School, commonly called the Benson property, and shown on a plan on file in the Town Clerk's office, the same to be used for school purposes, and to appropriate by transfer the sum of \$6,000.00 from the balance remaining in the fund raised and appropriated under Article 5 of the warrant for the Special Town Meeting of February 15, 1960. (Unanimous vote).

ARTICLE 6. Voted to amend the provisions of Article II, Section 1 of the Town By-Laws so that in place thereof there shall be substituted the following:

"Section 1. There shall be a Finance Committee of fifteen members, which committee shall be elected at the next Annual Town Election following the Town Meeting at which this by-law is adopted in the following manner: Five to be elected for a term of three years, five to be elected for a term of two years, and five to be elected for a term of one year. Thereafter the members of said committee shall be elected for a three year term." (Majority vote.)

ARTICLE 7. Voted to adjourn.

REPORT OF THE REGISTRARS OF VOTERS FOR THE YEAR 1962

Various meetings of the board were held for the registration of voters.

At the close of registration on October 5, 1962, the number of registered voters was as follows:

	Women	Men	Total
Precinct One	422	426	848
Precinct Two	1434	1340	2774
Precinct Three	748	702	1450
	2604	2468	5072

A recount was held for the vote of Governor of the Commonwealth on December 1, 1962 which showed the following change.

	Original	Recount	Change
John A. Volpe	2,521	2,521	0
Endicott Peabody	1,311	1,312	+1
Hennig A. Blomen	2	2	0
Guy S. Williams	3	3	0
Blanks	18	18	0
Totals	3,855	3,856	+1

The cost of the recount was \$67.50.

All nomination papers were checked and approved by the board at the various meetings.

MICHAEL J. CANTY, Chairman
JOSEPH E. GALVIN
ALBERT F. FLEURY
STANLEY F. RICE

Registrars of Voters.

REPORT OF BOARD OF ASSESSORS

To the Citizens of Easton:

We submit the following report of the Town of Easton as assessed January 1, 1962:

Valuation of Town

Valuation of Real Estate	\$10,848,115
Valuation of Personal Property	643,176
Total Valuation	\$11,491,291
Number of Persons and Corporations Assessed	3,468
Rate of Property Tax per Thousand of Valuation	\$100
Valuation of Motor Vehicles Assessed for 1962	\$3,139,460
Valuation of 1961 Motor Vehicles Assessed in 1962	\$793,900
Rate of Motor Vehicle Tax per Thousand	\$66

Number of Males Assessed	2,605
Rate of Poll Tax	\$2
Number of Acres of Land Assessed	15,719
Number of Dwelling Houses Assessed (includes 52 trailers)	2,462
Number of Horses Assessed	43
Number of Neat Cattle Assessed	109
Number of Sheep Assessed	47
Number of Fowl Assessed	950
Number of All Other Animals Assessed	14
Under Farm Animal Excise the following were assessed:	
Neat Cattle	335
Swine	80
Fowl	23,325
All Other	601

Recapitulation

Amount raised and appropriated at the Annual	
Town Meeting	\$1,427,959.11
Amount appropriated from Available Town Funds	123,160.23
Bond and Interest Charges	201,496.25
County Retirement and Group Insurance	37,528.05
State Parks and Reservations	4,518.14
State Audit of Municipal Accounts	84.63
Mosquito Control plus 1961 underestimate	3,479.61
State Assessment System	363.12
County Tax plus \$224.25 1961 underestimate	30,298.77
Tuberculosis Hospital Assessment	9,486.04
1960 Overlay Deficit	2,375.00
Overlay	47,149.80
Gross Amount to be Raised	\$1,887,898.75
Estimated Receipts	\$510,056.97
Overestimate State Recreation	346.45
Available Funds:	
Water Department	74,584.00
Reduce Tax Rate	100,000.00
Stabilization Fund	25,000.00
Overlay to Surplus	15,000.00
School Building	8,576.23
Total Receipts and Available Funds	733,563.65
Net Amount to be Raised by Taxation on Polls and Property	\$1,154,335.10

The increase in valuation amounted to \$716,585 which was due in part to our continued efforts to equalize the property in Town.

Members of the Board have attended the Bristol County Assessors School which has been held for the benefit of all the assessors of Bristol County.

The Bureau of Local Assessment of the Department of Corporations and Taxation has made a thorough survey of our procedures, personnel and equipment and have recommended that we should, in order to accelerate our program of equalization, engage the services of a full time administrative assistant. This person would be required to have a knowledge of engineering, general contracting and real estate values and his duties would be to keep the maps up to date, inspect new construction and accumulate the factual data of all structures. The salary of this administrative assistant would be in the vicinity of \$6,500. For this year we are requesting an appropriation of only \$4500 due to the fact that we would be unable to engage anyone prior to May 1st.

Respectfully submitted,

WILLIS G. BUCK, Chairman
KENNETH C. HAYWARD
FREDERICK J. MEADE

REPORT OF MATERNAL AND CHILD WELFARE NURSING SERVICE

To the Selectmen and Board of Health of Easton:

The following is the annual report of the Maternal and Child Welfare Nursing Service for the year 1962:

Six clinic-conferences were held through the year by the Easton Nursing Association, Inc., at the nursing office, Frothingham Memorial House. Dr. Clara Waldinger, pediatrician, of Boston, a member of the staff of the New England Hospital,

is the attending physician. The clinic-conferences for well children only, of preschool age, residents of Easton, provides a physical examination, if desired, immunizations for Polio (Salk Vaccine), Diphtheria, Whooping Cough and Tetanus. Vaccination against Smallpox was made available at the clinic this year and started at the June clinic, continuing through the fall clinics. The Mantoux tuberculin test was also available. Referrals to the family physician are made of any defects found.

211 children attended the clinic-conferences this year.

42 infants and 75 preschool children received the Triple Antigen (diphtheria, whooping cough and tetanus).

28 infants and 14 preschool children received the Salk Polio Vaccine.

4 preschool children received Pertussis (whooping cough Vaccine).

2 infants and 10 preschool children had the Mantoux tuberculin test.

1 infant and 44 preschool children were vaccinated against Smallpox.

14 infants and 33 preschool children were examined by Dr. Waldinger.

Of these children attending the clinic 8 infants and 9 preschool children completed the basic immunizations of Triple Antigen (3 injections) and 49 received booster doses, 5 received 2nd boosters. 5 infants and 9 preschool children received the basic Salk Polio Vaccine (3 injections) and 3 preschool children had booster (4th injection) of the Salk Polio Vaccine.

The Oral (Sabin) Polio Vaccine clinic for preschool children from 3 months to school age was held at the Junior High School Auditorium, May 8, 10 and 12. Three mop-up sessions were held May 14, 15 and 16 at the Easton Nursing Association Office. A total of 1066 preschool children received Type I (Sabin) Oral Polio Vaccine. Type III (Sabin) Oral Polio Vaccine was administered June 11, 12 and 13 with evening sessions June 18 and 26. One hour mop-up sessions

were held at the Easton Nursing Association Office June 19, 21, 22 and 23. 1048 preschool children received Type III (Sabin) Oral Polio Vaccine. Mrs. Blanche Maguire, Mrs. Mary Baxter, School Nurses and Mrs. Muriel Pratt, School Dental Hygienist assisted the visiting nurses Mrs. Mabel Monroe and Mrs. Ellen Atwood in giving the vaccine. Dr. Gerald Gray, School Physician, was medical consultant. Many volunteers from the community, PTA, Visiting Nurse Association, High School and Junior High School girls, Girl Scouts and Cub Scouts helped with the program.

The Maternal and Child health supervision, exclusive of children attending the clinics and Well Child Conferences, is as follows:

	Cases	Visits
Ante-partum	31	42
Post-partum	93	139
Newborn	94	129
Infant	95	213
Preschool	244	658
School	5	10
Acute Communicable	4	5
Other		92
Unclassified		65
	566	1353

The Easton Nursing Association, Inc., service, is available to any resident of Easton. Hospital beds and other sick-room equipment, for home use, are available at the nursing office. The nurses can be reached at the Easton Nursing Association office, Frothingham Memorial House, Barrows St., No. Easton.

Respectfully submitted,

ELLEN A. ATWOOD, R. N.

REPORT OF THE TREE WARDEN

To the Citizens of Easton:

During 1962 extensive trimming was completed on several streets in town. Pruning of dead wood was done elsewhere as time permitted. Many curves were cleared of low limbs and brush. Street lights were cleared of obstructing limbs for better light.

Upon request four trees were posted and there being no objection, were removed. Three tree stumps were removed at no cost to the town, as builders agreed to remove said stumps.

Fourteen sugar maples, 8 swamp red maples, 4 Norway maples, 2 pines, 7 Red Oaks, 2 White Oaks, 1 Ash and 1 Hickory tree were removed for various reasons. Dead or dying, road construction, automobile damage, etc.

Poison ivy was sprayed along many roads, sidewalks and play areas. All requests for spraying on private property were attended to also.

Maple, Linden, Locust and Oaks were set out in the Spring as replacements and at new developments. Smaller shade trees were set out on a plot behind the garage to grow a better root system. Because of continued requests for new trees, I recommend that \$250.00 be appropriated in 1963.

I wish to thank the men of my department for the continued interest and cooperation and also the Highway Department. I also wish to thank the Selectmen for the assistance during the year.

Respectfully submitted,

DANIEL B. AMORIM,

Tree Warden

TREE AND MOTH DEPARTMENT

I submit the following report of the Moth Department for the year 1962:

The latter part of May and the first of June Elms were sprayed with a combination spray of DDT, Lindane and Genite, for the control of Elm Leaf Beetle throughout the town, including those on private property that were accessible. A second spray was applied in July; spray was again applied in August on several elms and other shade trees that were badly infested with aphids.

Japanese beetles again as in the past were a serious pest and were sprayed during the summer months.

Several hundred tent catipillar nests were found along roads and woods bordering Mansfield. These were destroyed and the area thoroughly sprayed.

A dormant spray in April of 12% DDT solution was applied to all Elms for the control of the Elm Bark Beetle.

Fifty-four elm trees sampled by the Department of Natural Resources and this Department in December 1961 were removed in January and February by both State and Town Tree Departments. These deceased elms were found mostly on private property. State expenditures were credited to Easton's 1961 appropriations.

There were one hundred nine specimens sent to the University of Massachusetts for analysis. One hundred were found to be diseased. Approximately forty trees were on private property. Sixty-three elms were cut down and removed to the dump to be burned. The remaining thirty-seven diseased elms will be cut down in January 1963 with the aid of a State crew, which will be credited to Easton's 1962 Dutch Elm appropriations.

Forty-one elm stumps were cut below grade with a machine hired for this purpose.

Any appropriations for Moth and Dutch Elm that exceed the financial liability of the town entitles the town to State assistance not to exceed 50% of these appropriations, for this reason this Department will attempt to remove more diseased elms on private property each year, providing samples can be taken.

Respectfully submitted,

DANIEL B. AMORIM,

Moth Superintendent

TREE, MOTH, DUTCH ELM DEPARTMENT

Detail of Expenditures for 1962 with Estimates for 1963

	Estimated 1962	Estimated 1963 31 Weeks

REPORT OF THE INSPECTOR OF WIRES

To the Honorable Board of Selectmen,
Town of Easton, Massachusetts

I hereby submit my report for the year 1962:

Service Changes	46	Locked Premises	9
Electric Dryers	23	Re-Inspections	10
Added Meters	33	Electric Water Heaters	20
New Services	44	Added Oil Burners	16
Rough Wires	50	Electric Ranges	1
Temp. Const. Services	13	Fire Calls	2
Added Outlets	20	Trailers	9
	229		67
Total			296

It is evident from the amount of monies collected in electrical fees during the past year that the department will be self-supporting.

I wish at this time to thank the Honorable Board of Selectmen and the Town Clerk's Office for the valuable assistance they have been in the issuance of permits and collection of fees.

Respectfully submitted,

ALBERT M. GREINER,

Inspector of Wires

1962 Budget

	Estimate 1963	Expen- ditures
Salaries and Wages	\$750.00	\$500.00
Expense	250.00	300.00

Albert M. Greiner has requested \$250.00 increase because his inspection obligations have been increasing steadily throughout the year, and barring no large housing developments he feels this is the minimum amount needed to function properly.

Mr. Greiner maintains an office in Brockton and is available to those requiring his services at all times.

Fees received for his services make this department self-supporting.

REPORT OF THE SUPERINTENDENT OF HIGHWAYS

I submit the following report for 1962:

As in the past January, February and March consisted mostly of Snow and Ice Control, that is, plowing snow, sanding roads and sidewalks. Removing snow from Main Street and a section of Center Street. Patching of roads done whenever possible with weather permitting.

Two severe rain storms that occurred in January and February caused considerable flash flooding around town. Worst of these was water gushing down open area from Parkview School, flooding residents on Sheridan Street, as soon as the frost was out of the ground a drain was put in to eliminate flooding in the future.

A number of tons of cold patch was used during the months of April and May in repairing roads throughout the town. Several dry wells and culverts were put in to relieve some of the drainage problems.

Cemeteries, Greens, Unionville playground and lawns at Town Offices were maintained throughout the season. Chap. 90 Maint. program was completed as planned. A total of 43 streets were resurfaced in 1962 with asphalt. A section of Summer, Short and Turnpike Streets was sealed with a Dix Mix. Sand and leaves were swept from the streets and gut-

ters late in the fall and disposed of. White lines and cross walks taken care of. Several new cross walks were put in at the request of the Police Department.

A number of street name signs and sign posts were put in during 1962. Complaints given to the Department in 1962 were taken care of to the best of the department's ability. After the tarring program had been completed, cutting brush at sides of roads, repairing and painting fences was done. All culverts were cleaned out and checked.

I wish to thank the men of my department for their co-operation during the year 1962, other departments for their assistance and the Board of Selectmen for their constant interest and assistance in the Department.

Respectfully submitted,

H. REYNOLDS, Superintendent

HIGHWAY DEPARTMENT

Detail of Expenditures for 1962 with Estimates for 1963

Classification	1952 Estimated	1963 Requested

	Estimate	Expenditures
	1963	1962
Maintenance	\$20,000.00	\$18,806.69

Of the increase, \$450.00 is to be used for additional lighting at the High and Junior High Schools as requested by the School Department and as laid out by the Brockton Edison Company.

The balance is to be used for unscheduled streetlighting requests that come in each year due to new developments.

We already have requests for lights on Rachael and School Streets and anticipate them from Riley Bros., Gardner & Hurley, Eldon Gardner and Lynda Road.

EASTON FIRE DEPARTMENT

To the Honorable Board of Selectmen:

I respectfully submit the following report of the activities of the Fire Department for the year ending December 31, 1962.

Total number of Calls	206
Total number of Alarms	184
Still Alarms	22
Grass, Brush and Rubbish Fires	80
Building Fires	30
Motor Vehicles	20
Resuscitators	17
Oil Burners	9
Accidents	9
False and Unnecessary	10
Fire Scares	9
Sprinkler Alarms	6
Leaking Refrigerators	1
Wash Gasoline from Highway	1
Electrical Fires	3
Televisions	1
Persons Locked Out	1
Flares Tipped Over in Street	1
Rescue Dogs, Cats, etc.	1
Gas Leaks	1
Chimney Fires	2
Washing Machines	1
Out of Town Aid	3
Permits Issued:	
Open Air Fire Permits	934
Storage of Fuel Oil	31
Bottle Gas	35
Use of Explosives	6
Complaints Investigated	25
Days in District Court	1

The Department has had a much more active year. There has been an increase in all calls as compared to other years.

Losses again have been kept to a minimum.

Apparatus:

- 1—1958 International triple Combination Pumping Engine, in good condition.
- 1—1956 Mack triple Combination Pumping Engine, in good condition.
- 1—1956 Ford Combination, needs minor repairs, in fair condition.
- 1—1951 Ford Combination, needs repairs to motor and pump.
- 1—1950 Ford Combination, in fair condition, needs repairs to the tank and body. I have requested an Article in the Town Warrant for a truck to replace this one with a larger tank capacity and body compartments, then this truck can be transferred to the North Easton Station to be used for grass and brush fires, etc. This will also give the Department another tank truck for fires in the district where there is no water.
- 1—1935 Ford Combination, in running condition, needs repairs to pump. This truck needs to be replaced.
- 1—1931 Mack Hook and Ladder, in running condition, needs more repairs. This truck should be replaced as soon as housing facilities are available.
- 1—1931 Mack Reserve Pumper, in running condition. Used for C. D. training.
- 1—1959 Ford Pick-up Truck. Fire Alarm and service truck, in good condition.
- 1—1959 Chevrolet Station Wagon, needs major repairs, has high mileage, should be replaced.

North Easton Station No. 1

Some definite action must be taken this coming year for a new station. The department needs more apparatus space, etc. With the weight on the present floor the building continues to

shift out of shape. More electrical repairs are needed, and painting on the interior.

South Easton Station No. 2

This station needs new plumbing and three doors inside repaired, otherwise the station is in good condition.

Easton Furnace Station No. 3

This station is in good condition. Plans are being made to have the outside trim painted the coming year.

Fire Alarm

The Fire Alarm system is in good condition and has given little trouble during the year.

The system has been extended on Belmont St. to the Brockton line and on Short St. to Depot St., Depot St. to the Monument (Center St.). Further extensions are being planned for the coming year on Central St. and Depot St.

New Boxes

- 415—No. 49 Belmont Street
- 416—Belmont Street, Brockton Line
- 451—Washington Street and Purchase Street
- 452—Washington Street and Turnpike Street

Private Boxes

- 552—Center Congregational Church
- 413—Moreau Hall, Washington Street
- 78—Parish Hall, Jenny Lind Street

I have requested an Article for three Permanent Men so that the telephone will be covered within the Fire Station at all times. In addition there will be three more men available to answer fire calls during the daytime. With men on duty in the Station the response to Alarms will be faster.

Drills have been held bi-monthly with all three Companies participating during the Daylight Saving time and special Drills sponsored by the Department of Education.

I attended the New England Association of Fire Chiefs Convention at Portsmouth, N. H., the International Association of Fire Chiefs Convention in Toronto, Canada, during my vacation.

Deputy Chief Robert Mitchell and myself attended a demonstration at L. G. Hanscom Field, Bedford, Mass., on the correct way of handling exotic and hypergolic chemicals (missile propellants). Also demonstrations at the Boston Fire Department Training Academy.

Fire Prevention Week was observed October 7, 1962. Inspection of all schools and Fire Drills were held at each school under my supervision and with the assistance of Deputy Chief Robert Mitchell.

Business establishments, public buildings, and halls have been inspected. Nursing Homes and Schools were inspected four times.

I wish to thank the Board of Selectmen and all other Town Departments and their members for their kind assistance during the year.

Respectfully submitted,

RAYMOND M. BUCK, Chief

Fire Department Budget

	Estimate 1963	12 months total actual and estimated 1962

Oil trucks inspected	14
Peddlers' licenses inspected	6

This Department has filed its annual report with the Division of Standards, State House, Boston, Massachusetts.

Budget for Sealer of Weights and Measures

	Estimate 1963	Expenditures 1962
Salary	\$300.00	\$300.00
Expense	200.00	200.00

Respectfully submitted,

CARL W. HANSON,
Sealer of Weights and Measures

REPORT OF INSPECTOR OF ANIMALS

To the Selectmen of Easton:

I herewith submit my report ending December 31, 1962.

During the year the inspection of all dairy cattle was made and condition and cleanliness of the premises where they were kept.

The inspection of 519 dairy cattle and 80 swine was made.

There were 4241 dairy cattle shipped into the Town of Easton from out of State. These cattle were inspected and ear tag numbers sent to the Department of Livestock Disease Control.

Nine cases of dog bites were quarantined for fourteen days.

Budget for Inspector of Animals

	Estimated 1963	Expended 1962
Salary	\$300.00	\$300.00
Expense	100.00	100.00

Respectfully submitted,

J. CLINTON GOWARD,
Inspector of Animals

REPORT OF THE DOG OFFICER

To the Selectmen of the Town of Easton

I herewith submit my report as Dog Officer, from January 1 through December 31, 1962.

515 calls received and investigated.

42 cases of dog bites reported. Investigated and dogs ordered restrained for 14 days.

47 dogs reported missing.

35 found that were reported missing.

15 dogs—new homes found for them.

3 cases of dog damage involving chickens and sheep.

57 dogs hit by cars—fatal.

23 stray dogs picked up—kept 10 days and then disposed of.

General Laws, Chap. 140, Section 137—License and Tags

All persons at the commencement of a license period is, or who during any license period becomes, the owner or keeper of a dog three months old or over which is not duly licensed, and the owner or keeper of a dog when it becomes three months old during a license period, shall cause it to be licensed, registered, described, and numbered until the end of such license period, and the owner or keeper of a dog so licensed, registered, described, and numbered during any license period, in order to own or keep such a dog after the beginning of the succeeding license period, shall before, the beginning thereof, cause it to be registered, numbered, described and licensed for such period.

All dogs three months of age and over **MUST** be licensed during the month of April. Your lost dog can be found easier with a license tag attached to its collar. Spayed females, \$2.00, Males \$2.00, and Females \$5.00. **IF YOU THINK ANYTHING OF YOUR PET, GET A LICENSE AND YOU WILL NOT LOSE YOUR PET.**

I wish to thank the Selectmen, Town Clerk, Assistant Town Clerk, and the Police Department for the assistance they have given me.

Respectfully submitted,

ROLAND W. CARLSON,

Dog Officer

REPORT OF THE BOARD OF HEALTH

To the Citizens of Easton:

In the year 1962 there were three hundred seventy-three cases of dangerous disease reported to the Board of Health, as follows: Chickenpox, sixteen; Dogbite, thirty-six; German Measles, twenty-one; Infectious Hepatitis, three; Measles, one hundred eighteen; Meningitis, one; Infectious Mononucleosis, three; Flu Meningitis, one; Mumps, one hundred forty-nine; Pneumonia, five; Salmonellosis, one; Scarlet fever, nine; Scarletina, six; Strep Throat, one; Tuberculosis, two; Whooping Cough, one.

The State Department of Public Health provided Sabin Vaccine for children three months of age up to and including school children who were in kindergarten and first grade. The children in school received their doses in the classroom and the pre-school children were brought to the clinic. Type I was given in May and 1,493 children received it and Type III was given in June with 1,474 children receiving the dose.

The State Department of Public Health will again provide Sabin oral vaccine in 1963 to all infants and pre-school children over three months of age, all school children through grade 12, including the few seniors over 18, all ungraded children, and all adolescents through the eighteenth year who are not in school attendance either because of having dropped out or graduated. The State is anxious to have ALL residents of the Commonwealth, of ALL ages protected against polio as soon as possible. Type I will be given in January; Type II will be given in March and Type III in May. The children attending school will be given the vaccine in school and clinics will be provided for those not in school.

The Diphtheria Clinic was not held this year. No cases of the disease were reported in Easton this year.

The Bristol County Mosquito Control project is continuing its work for mosquito control. No aerial spraying was conducted in Easton in 1962.

This is the second year of our three year contract with Mr. Antonio J. Medeiros for the collection of garbage and the disposal of same, within the Town.

Regular milk inspections are being made of milk sold in Easton.

The Board has made many inspections this year including places of business handling food, day camps, nursery school, swimming pool, the dump, many drainage problems and complaints, and new construction.

The Health Department receipts for 1962 amounted to \$748.00 which was turned over to the General Fund of the Town.

Licenses issued by the Board in effect were as follows: one trailer park license; two piggery permits; four garbage collection permits; one slaughtering license; one non-alcoholic beverage bottling license; one pasteurization license; fifty-eight oleo and milk licenses; three day camp licenses; one funeral director's license; one massage license; one hundred three plumbing permits; one hundred three cesspool and septic tank permits. Thirty-four burial permits were issued.

We wish to thank all who assisted us during the year.

Respectfully submitted,

DONALD F. CRAIG, Chairman

ROBERT H. ROLLINS

NORMAN T. HUGHES

Board of Health

REPORT OF THE PLUMBING INSPECTOR

To the Board of Health of Easton:

There were 103 permits issued in the year of 1962 and the fees amounted to \$406.50.

Respectfully submitted,

GEORGE E. SAWYER

HAROLD A. DALY

Plumbing Inspectors

REPORT OF SLAUGHTERING INSPECTOR

To the Board of Health of Easton:

I herewith submit my report for the year ending December 31, 1962.

During the year, I have inspected and passed 80 carcasses of beef, 130 calves and 23 sheep.

Respectfully submitted,

J. CLINTON GOWARD

Inspector of Slaughtering

REPORT OF THE MILK INSPECTOR

To the Board of Health of Easton:

During 1962 samples of milk were collected from local and town dealers who sell milk in Easton. These samples

were tested for percentage of butterfat, total solids, sediment, and plated for bacterial count. Samples of milk were also collected from local stores and given similar tests.

The local farms on which milk was produced and re-tailed in Easton were inspected for condition of herd, barn, milk room, refrigeration, and condition of utensils.

Licenses issued to the stores for the sale of oleomargarine numbered fourteen, milk and cream licenses for vehicles numbered twelve, and store licenses for the sale of milk and cream numbered thirty-two, an increase of two over last year.

Regardless of where you eat, whether at home or away, "you will never outgrow your need for milk".

Respectfully submitted,

WILLIAM H. TUFTS,
Milk Inspector

REPORT OF WATER COMMISSIONERS

The Water Commissioners submit the following report for the year 1962. Following the Town Elections in March of 1962 Mr. John McEntee was appointed Superintendent and Mr. George Newman Assistant Superintendent. Mrs. Louise Holmes was appointed as Office Manager.

At the 1962 Town Meeting we included in our budget \$2,000.00 for future water supply and we feel that due to the steady increase of water usage that this program be continued and in 1963 are asking that this amount be increased to \$3,000.00. During 1962 two drilling companies were engaged and twenty-two drilling tests were made.

We are including an article in the Town Warrant to replace the roof at the Lincoln Street station which is in poor condition.

During the latter part of 1962, the Federal Government through the Housing and Home Finance Agency Accelerated Public Works Program of New York have a program to assist cities and towns in extension of water mains and sewerage programs, if the city or town qualifies. Easton does qualify for this program and we have submitted an application to them for approval. This program calls for an outright grant by this agency of fifty percent of the cost of extending in our case water mains. The grant specifies that the major part of the project be completed within one year.

We feel that if Easton is approved for this grant the people should be aware of it and we are including this in an article for your consideration. This would give the town a chance to extend water mains to areas without water at half the cost.

We are including an article to reduce the Bonded Indebtedness Account by \$25,000.00.

We want to thank all of the various Town Departments for their cooperation with us throughout the year, as well as the Water Department employees.

Respectfully submitted,

RAYMOND TAYLOR

GEORGE CUANNHO

RUSSELL A. POLLARD

REPORT OF WATER DEPARTMENT SUPERINTENDENT

To the Board of Water Commissioners,

Gentlemen:

I respectfully submit the following report and pumping record for the year 1962.

Month	Gallons	
January	26,451,200	
February	24,053,600	
March	26,144,000	
April	23,826,700	
May	27,333,600	
June	27,589,900	
July	29,334,000	
August	29,524,600	
September	24,711,100	
October	24,863,300	
November	24,174,300	
December	24,655,000	
Total—1962	312,661,300	
	1961	293,280,900
	1960	252,196,400

I have shown the total gallons pumped per year for the past three years to show how the water consumption keeps increasing as a result of new building, (schools, dormitory and houses). The figures show that we pumped 41,084,500 gallons more in 1961 than in 1960, and 20,380,400 gallons more in 1962 than in 1961.

During the year 44 services were added to the system. One of these new services was a 4" pipe line to a dormitory. A total of 9 services were renewed, and of this number one 2" service was replaced with a 4" pipe line and another 1" service was replaced with a 1½" line. A new pipe line was installed on Chester Avenue. One hydrant was installed on Short Street, two hydrants, beyond repair, were replaced, and five hydrants were repaired. We had to dig up and repack five (5) gate valves which were leaking. Twenty-seven emergency calls were answered. Emergency calls are calls at night, on Sunday or on holidays.

The regular spring flushing of hydrants and mains was done as usual and we are pleased that there were no complaints of rust or bad tasting water. There were 33 water

samples collected during the year and sent to the State Department of Public Health for analysis and all samples were found to be free of impurities and of excellent quality.

The usual maintenance of buildings and equipment was carried on. We still have a lot of window breakage at the stations. The equipment is in good condition with the exception of the gas stand-by engine at the Center Street station which needs a valve grinding job done. This will be taken care of this winter.

The roof at the Lincoln Street station is leaking. This building was built in 1887 and has the original slate roof on it. The slate shingles have cracked and broken and the gutters and flashing are in bad condition and need to be replaced. This job should go out on bids.

In conclusion I might say that with the continual steady growth of the number of water takers and the necessity for billing and collecting quarterly along with the added duties of typing specifications for various jobs, the office clerk's job has been greatly added to.

Respectfully submitted,

JOHN H. McENTEE,
Superintendent

REPORT OF THE VETERANS' SERVICE DEPARTMENT

To the Selectmen of Easton:

I respectfully submit my report as the Director of Veterans' Services and Veterans' Agent for the year ending December 31, 1962.

During this period there were 2783 inquiries received from veterans and their dependents for information and/or assistance on Veterans' Benefits, G.I. Schooling, On-the-Job Train-

ing, Mortgages, Photostats of Vital Documents, Notarizations, Hospitalizations, Out-Patient Treatment, Annual Income Questionnaire, Annual Accounting to the Probate Court, Compensation and Pension Claims.

Appropriation—1962	\$18,000.00
Appropriation—Nov. 26, 1962	10,000.00
Total Appropriation	\$28,000.00
Expenditures—1962	27,467.03
Unexpended Balance	\$532.97
Reimbursement from Comm. of Mass.	5,024.66
Total Refund to Town of Easton for 1962	\$5,557.63

May I express my appreciation for the assistance and cooperation accorded to me by you and all Town Officials, Boards and Committees.

Respectfully submitted,

WILLIAM J. HANSEN,
Veterans' Agent

ANNUAL REPORT OF THE EASTON PLANNING AND ZONING BOARD

Regular monthly meetings have been held each second Thursday of the month plus nine special meetings and six public hearings. Several violations that were reported were investigated and numerous inspections of roads were made in conjunction with highway superintendent and selectmen.

During the year four definitive plans for sub-divisions were submitted. Public hearings were held regarding same and these sub-divisions were subsequently approved. Forty-one plans were signed after it was determined that they did not require approval.

Public hearings were held on the petitioned articles to reduce the lot size from 30,000 sq. ft. to 20,000 sq. ft. and to extend the general residence zone. It was the recommendation of this Board that these articles be dismissed.

With the acceptance of the Earth Removal Law this Board no longer has any jurisdiction over the removal of sand, gravel, loam or pits. This is now under the control of the selectmen and the permits are issued by the Building and Zoning Inspector.

A great deal of time was spent revising the zoning by-laws and new books have been printed to conform with the changes voted at the town meetings.

The possibility of having a Master Plan for the town is being considered and our recommendation will be given after further study of the subject.

We wish to thank all the departments for their assistance and cooperation during the past year.

Respectfully submitted,

CHARLES J. MALCOSKY, Chairman

LAWRENCE J. HURLEY, Clerk

EDGAR A. CRAIG

WALLACE S. GILMORE

AVERY L. WILLIAMS

REPORT OF THE PLANNING AND ZONING INSPECTOR

To the Board of Selectmen and
Planning and Zoning Board:

The following is my report of services rendered as Planning and Zoning Inspector for the year ending December 31, 1962.

In November 1961 the Planning and Zoning Board voted to require owners and operators of sand and gravel pits in Easton to apply for a license to operate the same and a fee was established based on the size of each pit and the volume of business conducted. The issuance of these licenses and collecting of fees was delegated to the Building and Zoning Inspector. A summary of these classifications is listed at the conclusion of this report, which also includes all special permits issued by the Building Inspector.

The restriction and revision of the zoning by-laws have necessitated close supervision and inspection of this work. Forty-two personal field trips have been made to these various projects, 9 more trips together with members of the Zoning Board and Board of Selectmen; 1 trip with a local surveyor to survey established grade; 4 trips together with the Zoning Board Selectmen and Highway Superintendent were made to inspect new streets in sub-divisions.

Upon inspection of one gravel pit it was found that loam was being moved out illegally. This operation was immediately halted and upon reporting the same to the Board it was voted to suspend the license of the owner of this pit.

In addition to the above mentioned field trips I have attended numerous meetings and public hearings by the Planning Board and public hearings held by the Board of Appeals.

With the acceptance by the Town of the Earth Removal Law, same having been approved by the Attorney General, this Article fifteen of the Town by-laws became effective June 28, 1962 and is now under the jurisdiction of the Board of Selectmen. A joint meeting was called and field trips were

made to all the licensed pits to familiarize the members of the Board with their location and operation.

In 1962 there were twelve licensed pits in Town; seven of these are owned or operated by Town of Easton residents; the remaining five are all out of town residents and nearly all of these five are operating on a larger scale.

I wish to thank all those who have cooperated with me as zoning inspector.

Respectfully submitted,

GUSTAF G. RYDHOLM,

Zoning Inspector

Zoning Inspector — Summary

Classification	Total Permits	Unit Fee	Total Fees

Totals	27		\$270.00

REPORT OF BUILDING AND ZONING DEPARTMENT

I hereby submit my annual report of activities conducted in the Building and Zoning Department for the year ending December 31, 1962.

This department issued 151 permits of all classifications during the year with a total of \$990,778 in estimated permit cost and \$1,719.38 collected for permit fees. To compare the above figures with 1961 report, this shows that in 1962 there was a decrease of \$1,078,883 in estimated building permit cost. This large decrease in estimated permit cost is due to the difference in permits issued for educational and parish halls.

In 1961 five permits were issued for this classification with a total of \$1,434,000 in permit cost against one educational addition with a cost of \$129,250 in 1962. Permits for 44 new homes were issued against 42 in 1961, additions and alterations numbered 46 against 34 in 1961. The two totals above made up an estimated cost of \$671,513 against \$322,085 in 1961. The total fees collected in 1962 amounted to \$1,719.38 against \$1,006.00 in 1961, an increase of \$713.38. This increase is attributed to the revised permit fees. These fees were approved by the Board of Selectmen in 1962. From this report it shows that regardless of the decrease in permits issued and estimated valuation, this Department has been self sustained in paying its own way.

It is highly gratifying and worthy of praise, that the contractors and builders in the area have submitted to this increase without complaint. At this point allow me to commend the men connected with the building industry in this area for constructing larger and better quality homes. All homes have been inspected periodically, and with only minor omissions noted among a few. These have all been corrected.

It is regrettable, however, to note that industrial expansion in Easton is not keeping abreast with other towns in this area. Although industry is locating practically at our doorstep none of these have stepped over the boundary line of Easton.

It could be possible, and I believe it is, that Easton does not have the proper and convenient land zoned for industry

and business and here I would like to support a master plan as now being studied by the Planning and Zoning Board.

As one examines the zoning map it is not difficult to see that the present area zoned for industry is rural and moderately populated and much of this land does not have the services of town water. This area as can be seen is remote to modern highways and expressways. Exploring the map further one will find at least two areas of land more suitable than the one above mentioned and shown on the map. Both areas are not highly populated, one has modern highways with water service and railroad line. The second is less populated and located within a mile of modern expressway and highways, has the services of town water, plus an abundance of natural water, which is periodically being tested for its purity.

I suggest that the industrial commission be granted sufficient funds to explore these or any other area in Easton for industrial purposes and to enable them to take appropriate steps to make such land available through zoning, and intelligent promotion, as well as necessary advertising, in order that industry and business may be induced to locate in Easton.

In closing may I express my sincere appreciation to everyone for their cooperation which has been instrumental in making the year 1962 a very pleasant one to serve you.

The office at 136 Elm Street is open Monday, Wednesday and Friday mornings from 8:00 a.m. to 10:00 a.m. Phone CE 8-2550 or call at 21 Holmes Street, CE 8-2282.

Respectfully submitted,

GUSTAF G. RYDHOLM

Building and Zoning Inspector

REPORT OF THE RECREATION COMMISSION

The Recreation Commission respectfully submits its report for the Public Swimming Pool for March 30 to December 31, 1962.

The commission continued on a long range plan of advancement for the pool area.

This year the commission enlarged the swimming area, enlarged the docks, installed a cement apron on the South side of the pool, installed life guard chairs and many other projects that have to be seen to be appreciated.

The Recreation Commission is proud of the bacteria tests taken weekly at the pool, most tests giving a—reading or better than drinking water quality.

The pool was opened daily for 10 weeks, weather permitting with the Red Cross Program in effect for the second straight year.

The Recreation Commission is also pleased to announce that another season went by without any mishap or serious problems.

The season was extended for four days to include the Labor Day weekend.

The instruction program had 740 initially signed with 560 actually participating in all classes, 258 children passed and were advanced.

Joseph Freitas was Pool Director for the second year. Working with Mr. Freitas were David Purcell, assistant director; Martha McGarry, Red Cross swimming instructor; Mary Lou Preble and Kathryn Burke, regular guards and instructors. On a part time basis; Joan Burke, Paul Downey, Joseph McGarry, Jeanne Carlson and Richard Hallowell worked as Junior Guards.

The Recreation Commission would like to express their appreciation for the co-operation received from all town de-

partment and town officials and the wonderful response from the townspeople.

Respectfully submitted,

VALMORE R. LeSIEUR, Chairman

REPORT OF THE EASTON CONSERVATION COMMISSION

The Easton Conservation Commission held its first meeting on May 21, 1962, and has held seven meetings this year.

The purpose of the Commission is to promote and develop the natural resources of Easton, to protect the watershed resources and to preserve open spaces for the residents. These green areas will combine scenic, recreation, conservation and education values to the benefit of all citizens now and during the town's future progress.

Most of our first year has been spent in acquainting ourselves with the town's resources and open areas, both public and private, so that we could proceed in the best direction. We have studied our maps and those in the Assessor's Office and are now at work on general plans with guidance from the Massachusetts Department of Natural Resources.

A series of conservation articles has been started in a local publication to acquaint townspeople with the need for conservation and to show how individual citizens or groups can help.

We wish to congratulate the Easton Garden Club and Easton Girl Scouts for offering their services to help preserve the beautiful planting around the Town Offices.

Our appreciation goes to the Selectmen and various other town officials and departments who have helped us get started in our work.

REPORT OF THE DEPARTMENT OF PUBLIC WELFARE

To the Citizens of Easton:

During the year 1962 approximately \$178,000.00 was spent for all forms of relief. Some of this money was derived from Federal Funds which can be used for this purpose. Any money reimbursed by the State must be placed in the Excess and Deficiency Fund which is used to reduce taxes.

There are five forms of Relief, mainly Old Age Assistance, Medical Care for the Aged, Aid to Dependent Children, Disability Assistance and General Relief.

Many of our cases which were formerly on Old Age Assistance are now taken care of by Medical Assistance for the Aged. Any person receiving Old Age Assistance upon entering a nursing home is immediately transferred to Medical Assistance for the Aged. There are some clients who are receiving medical care in their own homes (doctors, medicine, etc.) whose incomes are not up to the amount allowed. There is no lien on M. A. A. although there is a lien law applying to Old Age Assistance. The Old Age Assistance case load is dwindling and Medical Care for the Aged is increasing as clients advance in years and require nursing home care. We are fortunate in Easton that we have two nursing homes that take very good care of our clients, as well as trying to make it enjoyable for them.

Aid to Dependent Children although it started in Massachusetts, it is now all over the country. The law was enacted to enable Mothers to remain at home with their children, and create a home-like atmosphere and be there when the children are home. As in Medical Assistance to the Aged there is no settlement and the town these clients reside in are directly responsible for their support with some reimbursement from the State and Federal Government. As of December 31, 1962 there were 17 cases on this form of relief.

As of December 31, 1962 Old Age Assistance cases totalled 45, and Medical Care for the Aged has risen to 40 cases.

Disability Assistance of which there were 9 cases as of December 31, 1962 is applicable to persons between the ages of 18 to 65 who are permanently and totally disabled. There is no lien on this form of aid and town must carry this with reimbursement from the State and Federal.

General Relief, sometimes known as temporary aid is really what it says, temporary aid to clients in need of help on a temporary basis. The Board of Public Welfare directly controls this and may dispense it as they wish, except in cases where there is no settlement, and the State must reimburse for the aid given. To acquire a settlement in Easton, a person must live here for five years, without any form of aid. If such is not the case then the case has to be checked thoroughly in order to ascertain what city or town is responsible, and if no settlement then the State must be notified. A notice must be sent to the city or town in which the client has a settlement within a short time. We do not have very much of this form of relief. Easton cases residing in Easton can be controlled but clients applying for relief in other cities and towns with an Easton settlement is controlled by the Welfare Board in which town or city they are residing.

As regards reimbursement, the town must put up all the money in the beginning. A budget is made up which is estimated, and also federal receipts are estimated, and deducted from the budget. State receipts do not enter into the picture as they cannot be used to reduce the budget, but rather put into E & D for the reduction of taxes. This budget is very carefully gone over and the amount asked for is necessary as the federal estimate was figured in these figures.

As stated in last year's report the Director has returned to work and the Social Worker is now back at work. The Social Worker's position was filled on a temporary basis from July 1, to December 1, 1962.

ARTHUR H. TUFTS, Chairman

HARLAND F. ALMQUIST

RICHARD J. KENT

Board of Public Welfare

REPORT OF THE POLICE DEPARTMENT FOR 1962

To the Honorable Board of Selectmen:

Sentences to Youth Service Board	6
Indeterminate sentences to state institutions	2
Probation period	10 years
Restitution by court orders	\$ 164.44
Fines in District Court	\$1,635.00
Speed checks conducted on a routine basis	

The above mentioned statistics indicate that your police department has again completed its busiest year, as each year continues to surpass the one preceding.

It is most gratifying however, to report a decline in fatalities for the year past as well as the number of accidents.

Again, Safety Officer George Randall and his staff of patrol boys completed an accident free year in which our pupils attended school sessions and returned safely to their homes.

The Town of Easton is indebted to this faithful group of servants who are on duty during each school day and to their leader, Safety Officer George Randall for the numerous safety functions in which he participated in.

Because of numerous requests for a summary of juvenile statistics, I am this year submitting a record of 1962 court proceedings.

Officer Randall became Eastons first graduate from the State Police Academy at Framingham for Local Police Officers' training on March 23, 1962 after six weeks of advanced and refresher training, a program I am in hopes of continuing.

I am again setting forth the dire need for new quarters for the police department.

We have outgrown our badly outmoded quarters and cannot function properly nor meet the present day requirements in our present building.

It is most urgent that this condition be given serious consideration immediately.

For the sincere cooperation of all members of this department, I extend my thanks to each one, as well as to all other town agencies, for their assistance in enabling this department to function effectively in the carrying out of our duties and responsibilities.

Respectfully submitted,

JOEL A. JOHNSON

Chief of Police

RECOMMENDATIONS FOR 1963

I am recommending the addition of an officer to the department which is badly needed. This officer would be used on a floating basis so as to be used on all shifts. There presently is many occasions when an additional officer is needed and none available because of everyday positions held by reserve officers. This officer would also be used to fill in for times of illness as well as vacation time which as of now totals 30 weeks a year and which in time will increase, and he also will be used for the five weeks that an officer will be away at the police training school.

Our radio technician has advised me that both cruiser radios have outlived their usefulness for proper reception and transmission and recommends that they be replaced with transistor type sets. We are presently experiencing difficulty in both transmission and receiving in one of the cruisers and are at times unable to make contact from one end of the town to the other. The cost of replacement is \$756 for each set with an allowance of \$150 for the set taken out. I am recommending one replacement for 1963 and the other in 1964.

I am recommending the purchase of two police cruisers, the present cruisers to be turned in towards the purchase

price. This practice has been a most profitable one from both economical and safety standpoints and strongly urge continuation of same.

As a result of a unanimous vote of the local police association, I am supporting their recommendation as given to me and am recommending salary increases to all personnel based on salaries being received by nearby departments of comparable size which is listed under "Salaries Classification". In 1962 no salary increases were requested or granted.

Respectfully submitted,

JOEL A. JOHNSON

Chief of Police

Chief of Police

Easton

Massachusetts

Dear Chief:

The following arrest was made in your town by State Police Officers during 1962:

	Male	Female
Operating unregistered M.V.	1	

JAMES J. STAVREDES

Captain, Mass. State Police

Commanding Troop "D"

PUBLIC WORKS DEPARTMENT STUDY COMMITTEE

To the People of Easton:

The committee appointed by the Moderator of 1962 town meeting make the following report on article 23 as ordered by him.

After meeting with D.P.W. heads, Highway supts., and Town Engineers from a number of surrounding communities it is the conclusion of the committee that a complete D.P.W. is not necessary.

We feel that to start such a program would be advisable in the form of a Qualified, Registered Civil Engineer to be Supt., of the Highway Dept.

He would also act as Engineer to all other Town departments. This way the Town would have a full time Engineer.

We respectfully submit an article pertaining to this matter in the warrent for your consideration.

JAMES D. MULLEN, Chairman

MANUEL SANTOS

RUSSELL A. POLLARD

ARTHUR A. TUFTS

ROY E. OWENS

HOUSING COMMITTEE REPORT

The Housing Committee met ten times during the year. In addition there were several field trips including two trips to Boston. The committee was primarily interested in obtaining a building site for the Police Department and Fire Department.

This Committee after investigation was unanimous in their decision that both departments need improved facilities.

Numerous sites were considered for these facilities. We had progressed to the stage whereby available funds would be needed in order for the Committee to function properly.

Such funds were essential to retain the services of professional assistance to appraise sites and to estimate cost of needed facilities.

The action of the voters at the Special Town Meeting of November 26, 1962 denying to this Committee the funds requested, prevents this Committee from effectively accomplishing the purpose for which it was appointed.

The unanimous concensus of this Committee is that we can not function without adequate funds for the purposes for which we were appointed. That it would serve no further useful purpose to continue as such Committee.

Neither this Committee nor any other Committee appointed for any purpose which requires funds for its successful operation can hope to accomplish the purpose for which it was formed without being provided with at least the minimum funds necessary.

It was therefore voted unanimously to dissolve this Committee and the members thereof resigned as a body January 10, 1963.

REPORT OF CIVIL DEFENSE DIRECTOR

To the Citizens of Easton:

Your Civil Defense organization has spent considerable time and money during the year in an effort to create an efficient and well-trained group of citizens, ready on short notice, to help, aid, and assist the Town in time of need.

Our prime objective has always been to utilize our training and equipment in the best interests of the Town on a year round basis; not just in the event of an emergency or enemy attack. It is impossible for any organization to perform effectively and efficiently under hazardous conditions such as those found during or after a natural disaster or attack if they have not been exposed to similar conditions beforehand. That is why our Fire and Police units have become more or less integrated with their regular counterparts in the Town. A total of eighteen drills were held by both groups during the year.

In most instances, the Civil Defense personnel have specific duties to perform, such as supplying power and lights at fires and traffic accidents and controlling traffic. However, whenever necessary, these groups can be called upon to work with the regular departments since they have been trained in many phases of firefighting and police work. They have, during the past year, assisted at twelve accidents and several other details including the Memorial Day parade, Fourth of July, Labor Day and Hallowe'en patrols, and the Thanksgiving Day football rally.

A new two-way fire radio has been installed in the Packard lighting truck so that while it is in use at a night fire it may be dispatched or controlled by the Fire Chief. In the coming year we plan to round out the radio facilities of the Packard by installing a police radio. It will then be a complete mobile communications unit for all Town operations whenever required. Late in the year all cities and towns in the state, as well as the sector and area headquarters, were assigned new frequencies. This was done to minimize interference between the nearby towns.

A new base station radio was installed during the summer along with a new antenna system. Due to the fact that the

Federal Government provides matching funds, the Town was required to pay only half of the cost of the radio.

An underground electric power line was installed from the emergency generator in the Highway Department garage to the Civil Defense building. This was done to protect this power line from damage due to storms or vehicles which might knock down overhead wires.

Repairs to the Civil Defense building were started this year. The large plate glass windows in the front and sides of the building have been removed and replaced with two small windows in front. The building is now easier to heat with a resulting reduction in the amount of fuel consumed. A portion of the building has been painted and the remainder is to be finished next year. This will not only serve to better preserve the building, but it will also present a more favorable appearance.

In closing, I wish to take this opportunity to express my appreciation to all the Civil Defense personnel who have contributed so much of their time and effort during the past year and to the Board of Selectmen, without whose continued cooperation this department could not exist.

Civil Defense Budget

Salary	\$ 300.00	\$ 300.00
Maintenance	1,200.00	1,096.35
Transfer of Surplus		
Government Property	1,700.00	1,978.63
Total for Department	\$3,200.00	\$3,375.00

Respectfully submitted,

DONALD S. WINSHIP, JR.,

Director of Civil Defense

PERSONNEL COMMITTEE REPORT

To the Citizens of Easton:

At the 1962 Annual Town Meeting—the following article was voted on and approved:

ARTICLE 26—To see if the Town will vote to have the Moderator appoint a committee of five (5) citizens to study the entire salary schedules of all employees and elected and appointed officials of the Town to evaluate the work of each and bring recommendations to the next Annual Town Meeting or any special Town Meeting that may be called. This committee will also investigate the feasibility of the Town establishing a Personnel Board in accordance with Chapter 41, Section 108C or any other law pertaining to Personnel Boards, or to take any other action in relation thereto—(end of article Number 26).

Your appointed Personnel Committee submits the following report. We have held several meetings, we have spent considerable time corresponding and visiting other Town Officials, studying Personnel Board reports from other surrounding towns and we have arrived at the unanimous opinion that the Town of Easton establish an unpaid Personnel Board consisting of five (5) unpaid members to be appointed by the Moderator in accordance with Chapter 41, Section 108C, and any other law pertaining to Personnel Boards.

The Basic Objective of the Board would be the development and maintenance of an efficient and well qualified staff to provide the very best services to the Town of Easton. The proper administration of a Personnel program is as essential to effective and efficient government as it is to private industry and business. We must begin to realize that the Town of Easton is no longer small business. Therefore, both municipal administrators and citizens alike must make every effort that the best qualified persons are employed. A well established Personnel system is an important adjunct to fiscal planning and gives assurance that Town services will be economically and efficiently handled. With our tax rate gradually climbing one way or another we believe a system should be installed

to stop spending borrowed money for things that are not absolutely essential. We should invite industry to our Town to help reduce our tax burden. But will industry come under present conditions? Every home owner knows that when your expenses exceed your income something has to give. We realize that this procedure hits the pocket book of every person in Easton especially those on a fixed income or pension. It is understood from the beginning that no permanent employee shall have his annual compensation reduced by reason of the adoption of this plan. However, if the permanent employee should resign or retire, the personal rate shall no longer apply.

For your information, the Personnel Board covers the following conditions, namely— minimum and maximum rates also step increases in salary and wages over a period from date of employment to five years when the maximum is reached, hours to be employed according to classification, overtime work, emergency compensation, vacations, holidays, sick leave, jury duty, military service, a reward for continuous service in the employ of the Town, department budgets, part time employees, etc. It should overcome inequities in various departments increasing salaries of their employees which has been the cause of internal friction among other departments. The Personnel Board does not pass on the salaries of elected Town Officials whose salaries are voted on at Annual Town Meeting or positions under the jurisdiction of the School Committee. We recommend that the Personnel Board shall be appointed by the Moderator for a term of three years, one member to be appointed for a term of one year, two for a term of two years, and two for a term of three years.

Vacancies in the membership of the Board shall be filled by the Moderator with the advice of the other members of the Board. A majority of the Board shall constitute a quorum. The various plans including the classification, compensation, and administration may be amended by a vote at the annual Town Meeting after it has been presented to the Personnel Board in writing for their records.

We recommend that the Personnel Board employ professional service to evaluate these various departments, appointed officials and employees, and that a sum of \$2000.00 be raised and appropriated for this purpose.

This is the unanimous report of the Personnel Board; we have tried to give you the highlights of the various duties of the Personnel Board and we trust it meets with your approval.

Respectfully submitted,

KENNETH R. JACKSON
JAMES H. JOHNSON
JOHN W. MAHONEY
PAUL P. MITRANO
EDGAR A. CRAIG

Chairman

**TOWN OF EASTON
INDUSTRIAL DEVELOPMENT COMMISSION**

Easton Board of Selectmen
Easton, Mass.

Gentlemen:

The Industrial Development Commission of Easton respectfully submits its annual report for the year ending December 31, 1962.

The Industrial Development Commission was reorganized by the Board of Selectmen in April 1962. Mr. George DeWitt resigned his position as Chairman of the Commission. Mr. Robert S. Sims was appointed Chairman with Mr. Dean Tomlinson, Mr. Douglas Porter and Mr. George Lowndes appointed as members. Mr. Harry Sundell remained as a member of the Commission. In September 1962 Mr. Dean Tomlinson resigned his position on the Commission.

The Commission secured office facilities in the Town Office building to be used for consultations and displays of maps depicting the various industrial sites as well as the available public utility services such as water mains.

For the past several months the Commission has been engaged in planning an extensive advertising campaign. The

members of the Commission have been viewing several locations adjacent to the main arteries leading into the town for the purpose of erecting large four by eight plastic impregnated exterior plywood advertising signs. Designs for these signs will be submitted to the Commission shortly for final approval. Property owners on these arteries have been most cooperative in this endeavor.

The Commission is in the process of communicating with the Mass. Congressional Delegation in Washington asking their assistance in the Industrial Planning Program of Easton.

Advertising brochures will be forwarded to the various leading Industrial Realtors throughout the country.

The Commission has received several inquiries regarding available industrial sites. Specifications of these sites have been compiled and forwarded to those interested.

The Commission plans to hold a number of public hearings in 1963 to afford the citizens of the town the opportunity to express their opinions and offer suggestions to the Commission.

The members of the Commission are available to meet with the various organizations of the town who are interested in Industrial Planning and Growth.

The indicators for potential industrial growth in the town are encouraging. Large industrial complexes now situated throughout the Commonwealth are now beginning to overtax the public utilities of those areas and there is becoming an increasing need for large undeveloped industrial tracts with adequate utilities such as those Easton has available.

The Commission wishes to thank the Board of Selectmen and other Departments in the Town for their fine cooperation.

Respectfully submitted,

ROBERT S. SIMS, Chairman
DOUGLAS PORTER
GEORGE LOWNDES
HARRY SUNDELL

SELECTMEN'S REPORT

We are pleased to submit this 1962 report for your examination. The Board organized on April 2, 1962 with Richard J. Kent, Chairman, Harland F. Almquist, Clerk, and Arthur H. Tufts, Member.

As you know, it has been our policy to publish the Minutes of our meetings weekly, and you are thereby currently kept informed of the business that transpires in our office. As in the past our meetings last year were open to anyone interested in attending, and they will be this year.

We have maintained close supervision over the various departments and appointees under our jurisdiction and are pleased to report that all have performed their duties efficiently. The few communications we did receive from townspeople were in praise of one department or another. Many requests were received by individual Selectmen and by the Highway Superintendent for minor repair work and all were attended to promptly. We maintained harmonious liaison with other departments, elected officials and boards and feel that the mutual desire to cooperate in accomplishing what is in the best interests of the town was widely prevalent.

The Town Office Building completed its first full year of operation and has proven to be an excellent investment. Personnel housed there find working conditions ideal and completely conducive to the best performance of their duties. Estimated cost of operation for 1962 was reasonably accurate, but it has been reduced \$1500 for 1963 due primarily to the completion of outside painting. During 1962 Custodian Carl Larson redecorated walls and ceilings and tiled the floors of several of the rooms in the East wing and has purchased the materials to do the remaining rooms this year. These rooms are ideal for use by Committees and Boards not needing larger facilities.

It was with much regret that the Selectmen accepted the resignation of John I. Lowndes as Town Accountant, effective August 31, 1962. Mr. Lowndes had acted in that capacity for sixteen years and was highly respected by all who had occasion to associate with him. He had a thorough knowledge of all laws relating to municipal finance, and his common-

sense interpretation of them assured all department heads of complete confidence in his judgment. Although generally accepted as a part-time position, it was anything but during the past ten years when the ever-rising population expanded all town departments and facilities and flooded the Accountant with much extra detail. We thank Mr. Lowndes for his valuable contribution to the Town of Easton and wish him well in his new capacity as a teacher in the Easton school system.

Article 5 of the 1963 Warrant recommends obtaining the services of professional consultants to aid in establishing a Personnel Board and a compensation plan for all town employees other than those of the School Department. We feel that the recommendations of professional consultants, if accepted by the Town Meeting would permanently resolve the practice of perennial wage increases and also establish a definite policy as to sick leave and other personnel matters. That such a committee could do the survey better than local officials is problematical, but it would eliminate any implication that they were biased or shortsighted in their recommendations. Pending the approval or disapproval of this Article we have recommended the equivalent of 10c per hour increase for all departments under our supervision. In our opinion it is most deserving and certainly well within any recommendations that will be made by any impartial consultant survey.

Article 23 recommends the relocation of a section of Route 106 between Easton and Mansfield which would open up much land for development along a new modern highway. The only cost to either town will be in land takings, all construction costs to be met with federal secondary road funds. Most of the land to be taken by eminent domain, if you so vote, is landlocked, low assessed, of little, if any, monetary value in its present status, and should be available to the Town at little or no cost. Federal funds are limited for projects of this nature, and we secured approval of this one only after many months of negotiation with state and federal officials.

Some time ago we learned of an anti-trust suit being brought against companies supplying asphalt to cities and towns for road purposes for alleged conspiracy to fix prices. After considerable discussion with Town Counsel Martyn H. Lincoln it was voted to participate even though it meant

many hours of probing into town purchases of asphalt for several years past and the filing of voluminous briefs with the Attorney General. Our decision has been profitable to the Town of Easton because already we have received \$2,601.52 from settlements with several companies, none of which we did business with, and we anticipate receiving substantially more when the large companies make an offer. Easton is one of the few towns that took the time to go after these awards.

In midyear we learned of a special act of the Legislature, Chapter 782, making funds available to towns, upon application, for road construction purposes, and we petitioned for our share. We were allotted \$12,899.14, which will be used to re-surface Elm Street from Washington to Main Streets with a mix similar to that used on Main Street. This project must and has been approved by the State Department of Public Works, and it will be let out to Bid after approval by Town Meeting. It should be remembered that this money cannot be used for any other purpose and will be lost to Easton if not approved.

Article 25 requests the appropriation of a sum of money for the construction of a new section of sidewalk on the northerly side of Lincoln Street easterly from the present sidewalk in front of Holy Trinity Lutheran Church. Present conditions are extremely hazardous to pedestrian traffic, most of which is children, and we strongly recommend your favorable action.

Article 26 requests money to repair a section of the Main Street sidewalk from Mechanic Street westerly to a point near O'Connor's News Store. It is in bad repair and has been the cause of several people falling. It would be in the best interests of the Town to repair it before a serious accident saddles us with legal responsibility.

We have recommended the purchase of two pieces of equipment for the Highway Department. Article 13 requests approval of the purchase of a dump truck to replace one 12 years old. If we don't maintain a sensible replacement program of our equipment at a moderate annual cost, we will eventually own all obsolete equipment. We don't have to tell you what the financial burden would be when it became necessary to replace it all at once, and we are confident that

your good judgment will prevail at Town Meeting. Article 11 requests approval of the purchase of a heavy duty front-end loader primarily through the transfer of \$11,000 from the Depot Street Construction Account. This purchase was approved by the Finance Committee last year and assume that it will be this year. We realize that the initial cost is high, but we also realize that we have spent several thousands of dollars in maintenance of the inadequate equipment we now have and in the hire of outside equipment to do work that the recommended piece would do. It is our responsibility to make recommendations to you, and we unhesitatingly do so. The final decision rests with you at Town Meeting.

As you can deduce from reading this report, we have not been standing still this year. We have attended meetings all over the Commonwealth in an effort to improve the Town of Easton and have been very successful in securing available grants for road and other purposes. To provide the service that has come to be expected of us requires that we be available at all hours of the day and night, and this we have been. We have worked extremely well together and have received excellent cooperation from all with whom we have dealt. It has been a pleasure representing you. Thank you for the privilege.

Respectfully submitted,

RICHARD J. KENT, Chairman

HARLAND F. ALMQUIST, Clerk

ARTHUR H. TUFTS

REPORT OF FINANCE COMMITTEE—1963

To the Citizens of Easton, Mass.

Your Finance Committee respectfully reports its recommendations concerning the Town Warrant for the Annual Town Meeting to be held on Monday evening, March 18, 1963, in the auditorium of the Oliver Ames High School.

We have endeavored to prepare and recommend budgets which, we hope, will maintain the various services afforded the taxpayer. Again this year our greatest problem is the increased costs of education. As our school population increases, costs of a necessity must also increase. Until some relief comes from either the Commonwealth of Massachusetts or the Federal Government, school costs will be a continuing problem.

Your Assessors have requested an additional amount in their budget to allow them to engage the services of a competent person to aid and assist them in bringing about an equalization of property values. We feel that this is a step in the right direction and approve the request. It will not only bring about a fairer assessment but will help to develop a better climate for businessmen who may be considering Easton as a place to establish a business. We must revitalize our Industrial Commission, induce service organizations and all Town Officials to join in a mighty effort to get business to settle in Easton.

The Water Department is requesting the extension of the water mains to the Furnace section of the town covering about 240 residences. We feel this should be accepted inasmuch as the Commissioners have applied to the Federal government under the accelerated public works bill for 50% of the costs thus saving the Town large sums of money on payment of principal and interest on bonds. The proposed extension brings the water by our industrial area thus enabling the Industrial Commission to have a talking point. We cannot afford to pass up any offer of an outright grant of Federal money, inasmuch as the monies are for the entire country and if Easton doesn't accept it other communities will.

A sub-committee of the Finance Committee made a survey of the existing buildings housing our Fire and Police

Departments. They have unanimously voted to call to the attention of the voters the conditions as they found them. The Central Fire Station located in North Easton, which houses our fire alarm system and four pieces of expensive fire fighting equipment is wholly inadequate and unsafe. We found the main floor of the engine room being held up by 10 lally columns, plus large steel plates being used to reinforce the floor beams. The floor, which is of wooden construction, is permeated with oil after years of use thus creating a constant fire hazard. We should protect our present investment in fire apparatus, and strongly recommend the continuance of the Housing Committee to the end that a combination Police and Fire Station be erected and that plans should be made as soon as practical to accomplish this end.

Two Articles appear in the Warrant concerning the establishing of a personnel board and to have experts to set a minimum and maximum salary scale for the Town employees. We recommend Adoption of these Articles.

Your Finance Committee forecasts an increase in the tax rate of 1963. We will present at the Town Meeting the reasons for the increase more accurately when we have received from the Commonwealth of Massachusetts the amounts of monies due from the State and the amount the Town owes the State and County of Bristol.

We wish to extend to all Town Officials the thanks of the Committee for their help in preparing this Report. We strongly urge all citizens to attend their Town Meeting and to bring your Town Report along with you.

W A R R A N T
FOR THE ANNUAL TOWN MEETING

1 9 6 3

COMMONWEALTH OF MASSACHUSETTS

Bristol, ss.

To either of the Constables of the Town of Easton in the County of Bristol.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Easton qualified to vote in elections and town affairs to meet in the Oliver Ames High School Gymnasium in said Easton on Monday, the 18th day of March, next at 8:00 o'clock p. m. then and there to act upon the following Articles:

ARTICLE 1. To see if the Town will vote to accept the reports of the Selectmen, Assessors, Board of Public Welfare, Board of Health, Water Commissioners, Town Clerk, Treasurer, Collector of Taxes, School Committee, Town Accountant, Tree Warden and any committee of the Town and take action relative thereto.

Refer to Town Meeting.

ARTICLE 2. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray the Town charges for the ensuing year and make appropriations for the same.

See Report of Finance Committee.

ARTICLE 3. To see if the Town will vote to increase the salary of the Town Treasurer and raise and appropriate a sufficient sum of money to cover the cost of the same.

Recommend Adoption—Raise and Appropriate \$400.00.

ARTICLE 4. To see if the Town will vote to increase the salary of the Collector of Taxes and raise and appropriate a sufficient sum of money to cover the cost of the same.

Recommend Adoption—Raise and Appropriate \$440.00.

ARTICLE 5. To see if the Town will vote to raise and appropriate a sum of money to obtain the services of professional consultants to aid in establishing a Personnel Board, and a Compensation Plan for all Town Employees under the jurisdiction of the committee appointed under Article 26 of the Annual Town Meeting of 1962, or take any other action relative thereto.

Recommend Adoption—Raise and Appropriate \$2,000.00.

ARTICLE 6. To see if the Town will vote to authorize the committee appointed under Article 26 of the Annual Town Meeting Warrant of 1962 to continue its work and studies relative to the salary schedules of all employees and appointed officials of the Town, and of the establishment of a Personnel Board, said committee to report its further findings and recommendations at the next regular Town Meeting or at any earlier Special Town Meeting, or to take any other action in relation thereto.

Recommend Adoption.

ARTICLE 7. To see if the Town will vote to raise and appropriate a sum of money for Memorial Day and Armistice Day to be expended under the direction of Elijah A. Morse Camp, Sons of Union Veterans of the Civil War, George S. Shepard Post No. 7, American Legion, George F. Schindler, Post No. 2547, Veterans of Foreign Wars.

Recommend Adoption—\$750.00.

ARTICLE 8. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the Financial Year beginning January 1, 1964 and to issue a note or notes therefor payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, of the General Laws.

Recommend Adoption.

ARTICLE 9. To see what sum of money the Town will vote to instruct the Assessors to use from surplus revenue to reduce the tax levy for the current year.

ARTICLE 10. To see if the Town will vote to authorize the Selectmen to raise and appropriate for highway purposes, such sums as may be necessary for maintenance, improvement and construction of streets within the Town, said money to be used in conjunction with any money which may be allotted by the State or County for the purpose, or to take any other action in relation thereto.

Chapter 90—Recommend Adoption—\$3,000.00.

ARTICLE 11. To see if the Town will vote to transfer and use the sum of money appropriated for the relocation of Depot Street by the annual Town Meetings of 1960 and 1961 for the purchase of a four wheel drive Front End Loader with 1½ yard scoop for the Highway Department, and to raise and appropriate such further sum of money as is necessary for said purchase, or to take any other action relative thereto.

Recommend Adoption.

ARTICLE 12. To see if the Town will vote to transfer and use the sum of money appropriated for the relocation of Depot Street by the annual Town Meetings of 1960 and 1961 to reduce the Tax Rate for the current year, or to take any other action relative thereto.

Refer To Town Meeting.

✓ ARTICLE 13. To see if the Town will vote to purchase a three yard Dump Truck for the Highway Department and apply a 1951 Chevrolet Dump Truck of said department towards the purchase price of the same, and to raise and appropriate a sum of money therefor.

Recommend Adoption—\$4,297.00.

✓ ARTICLE 14. To see if the Town will vote to transfer a sum of money already credited to the Water Department to the Bonded Indebtedness Account and for Insurance Purposes, or to take any other action in relation thereto.

Recommend Adoption.

✓ ARTICLE 15. To see if the Town will vote to authorize the Water Commissioners to have a new roof installed at the Pumping Station on Lincoln Street, and to appropriate a sum of money therefor from available funds, or to take any other action in relation thereto.

Recommend Adoption.

✓ ARTICLE 16. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Board of Selectmen, to borrow a sum of money, to issue bonds or notes of the Town, therefor, and to authorize the Board of Water Commissioners to expend said money for the following purposes: to lay a water main of not less than twelve (12) inches from the terminus of the present Lincoln Street water main at Bay Road, southerly on Bay Road to Foundry Street; to lay a water main of not less than eight (8) inches from Foundry Street southerly on Bay Road, a distance of about thirty-one hundred (3100) feet; to lay a water main of not less than ten (10) inches from Bay Road westerly on Highland Street to a point about seven hundred (700) feet from the Mansfield line; to lay a water main of not less than eight (8) inches from Bay road easterly on Foundry Street, a distance of about two thousand (2000) feet; to lay a water main of not less than eight (8) inches from Bay Road westerly on Foundry Street to "New Pond"; to lay a water main of not less than six (6) inches from Foundry Street southerly on South Street; a distance of about one thousand (1000) feet; to lay a water main of not less than six (6) inches from Foundry Street northerly

on South Street to Poquanticut Avenue; to lay a water main of not less than eight (8) inches from Foundry Street northerly on Poquanticut Avenue to Beaver Dam Road; to lay a water main of not less than eight (8) inches from the terminus of the present water main on Depot Street near the Center School, westerly on Depot Street to Bay Road; to lay a water main of not less than eight (8) inches from Bay Road easterly on Summer Street, a distance of about seventy-five hundred (7500) feet; to lay a water main of not less than eight (8) inches from Holmes Street northerly on North Main Street, a distance of about thirty-two hundred (3200) feet. The bonds or notes of the Town to be paid in not less than fifteen (15) years, or to take any other action in relation thereto. OK

Recommend Adoption.

ARTICLE 17. To see if the Town will vote to set a rate of \$4.50 a linear foot as a rate of assessment to be charged to abutters on public ways for the coonstruction of water mains as authorized by Chapter 40 of the General Laws, Sections 42G-42I, inclusive, or to take any other action in relation thereto.

Recommend Adoption.

ARTICLE 18. To see if the Town will vote to purchase two new Police Cruisers for the Police Department and to apply two of the automobiles of said department towards the purchase price of the same, and to raise and appropriate a sum of money therefor.

Recommend Adoption—\$2,748.00.

ARTICLE 19. To see if the Town will vote to purchase a combination Fire Truck for the Fire Department and to raise and appropriate a sum of money therefor.

Do Not Recommend.

ARTICLE 20. To see if the Town will vote to raise and appropriate a sum of money to be expended by the Moth Superintendent in control work against the Dutch Elm Disease.

Recommend Adoption—\$7,222.00.

ARTICLE 21. To see if the Town will vote to raise and appropriate a sum of money for the purchase of trees for the Tree Department.

Recommend Adoption—\$250.00.

ARTICLE 22. To see if the Town will vote to authorize the Selectmen to sell, or otherwise dispose of any real estate, of which the Town has possession or title, including all property taken for non-payment of taxes, all such cases of sale to be made by public auction.

Refer To Town Meeting.

ARTICLE 23. To see if the Town will vote to accept the laying out, alteration and relocation of a certain portion of Route 106 Westerly of "New Pond", in accordance with the report of the Selectmen, or take any other action in relation thereto.

Refer To Town Meeting.

ARTICLE 24. To see if the Town will vote to authorize the Selectmen for and in behalf of the Town, to purchase, to acquire by gift or take by right of Eminent Domain certain parcels of land necessary for the laying out, alteration and relocation of a certain portion of Route 106 Westerly of "New Pond", as substantially shown on a plan on file in the Town Clerk's office, and raise and appropriate a sum of money for that purpose or to take any other action in relation thereto.

Refer To Town Meeting.

ARTICLE 25. To see if the Town will vote to raise and appropriate a sum of money for the construction of a new section of sidewalk on the Northerly side of Lincoln Street, extending 145 feet Easterly from the present sidewalk located in front of Holy Trinity Lutheran Church, or take any other action in relation thereto.

Recommend Adoption—\$502.00.

ARTICLE 26. To see if the Town will vote to raise and appropriate a sum of money for sidewalk repairs and replacement on the Northerly side of Main Street, from Mechanic Street Westerly to Sullivan Avenue, or take any other action in relation thereto.

Recommend Adoption—\$730.00.

ARTICLE 27. To see if the Town will vote to accept the report of the School Building Committee appointed under Article 24 of the Annual Town Meeting of 1962, or take any other action relative thereto.

Refer To Town Meeting.

ARTICLE 28. To see if the Town will vote to raise and appropriate a sum of money for the purpose of constructing and originally equipping and furnishing an addition to the Oliver Ames High School Building consisting of class rooms, metal shop, cafeteria-Study room and necessary supplementary rooms, and determine whether said sum of money shall be provided for by taxation, by appropriation from available funds in the treasury, and by borrowing under authority of Chapter 645 of the Acts of 1948, as amended, or otherwise, or take any action in relation thereto.

Refer To Town Meeting.

ARTICLE 29. To see if the Town will vote to raise and appropriate a sum of money for the purpose of constructing and originally equipping and furnishing a further addition to the Oliver Ames High School building consisting of physical education rooms, shower rooms, locker rooms and necessary supplementary rooms, and determine whether said sum of money shall be provided for by taxation, by appropriation from available funds in the treasury, and by borrowing under authority of Chapter 645 of the Acts of 1948, as amended, or otherwise, or take any action in relation thereto.

Refer To Town Meeting.

ARTICLE 30. To see if the Town will vote to authorize the Moderator to appoint a committee to be known as the Oliver Ames High School Addition Building Committee, con-

sisting of nine individuals, two of whom shall be members of the School Committee, to enter into, execute and deliver in behalf of the Town, such agreements, contracts or other instruments, to incur indebtedness and pay the same, all for the purpose of constructing additions to the Oliver Ames High School and for originally equipping and furnishing said additions, or to take any other action relative thereto.

Refer To Town Meeting.

ARTICLE 31. To see if the Town will vote to raise and appropriate a sum of money for the expenses of the Regional Vocational School District Planning Committee appointed under Article 25 of the Annual Town Meeting of 1962, or to take any other action in relation thereto.

Recommend Adoption—\$1,000.00.

ARTICLE 32. To see if the Town will vote to raise and appropriate a sum of money for the support of athletics in the secondary schools of the Town.

Recommend Adoption—\$6,000.00.

ARTICLE 33. To see if the Town will vote to transfer from available Chapter 782 Funds in the Treasury, a sum of money for the construction of Elm Street, and/or Center Street, or any other street acceptable to the Board of Selectmen and the Department of Public Works, or take any other action relative thereto.

Recommend Adoption.

ARTICLE 34. To see if the Town will vote to authorize the Moderator to appoint a committee of five, consisting of one member of the Board of Selectmen, and four other citizens of the Town, to study the advisability of establishing a representative town meeting form of government, said committee to report its findings and recommendations at the next annual town meeting or at any prior special town meeting, or take any other action relative thereto.

Refer To Town Meeting.

ARTICLE 35. To see if the Town will vote to accept the provisions of General Laws, Chapter 139, Sections 1 to 3, inclusive, which provide in substance that upon acceptance by the Town, the Selectmen, after written notice to the owner of a burnt, dilapidated or dangerous building, and after a hearing, may make an order adjudging it to be a nuisance to the neighborhood, and prescribing its disposition.

Refer To Town Meeting.

ARTICLE 36. To see if the Town will vote that the Selectmen shall appoint a qualified Registered Civil Engineer and Surveyor as Superintendent of the Highway Department, and said engineer shall also act as Town Engineer to all other town departments, and to raise and appropriate a sum of money therefor.

Recommend Adoption.

ARTICLE 37. To see if the Town will vote to authorize the Fire Chief to appoint three permanent firemen in accordance with the provisions of Chapter 48, section 42, of the General Laws, and to raise and appropriate a sum of money therefor.

Do Not Recommend Adoption.

ARTICLE 38. To see if the Town will vote to raise and appropriate a sum of money to correct a drainage condition at the intersection of Maple and Seaver Streets, or take any other action in relation thereto.

Recommend Adoption—\$500.00.

ARTICLE 39. To see if the Town will vote to accept the provisions of Chapter 639, section 11b, of the Acts of 1950, as amended, which provides in substance that certain Civil Defense officials shall be considered to be "employees" of the Town while performing their properly assigned training or duties, insofar as Chapter 41, section 100A, of the General Laws, pertaining to the indemnification of the employees of a Town for damages incurred on account of injuries arising out of their operation of publicly owned vehicles, and Chapter

40, section 5, clause 1, of the General Laws, pertaining to liability insurance on Town owned motor vehicles, are concerned.

Refer To Town Meeting.

ARTICLE 40. To see if the Town will vote to accept the report of the Planning and Zoning Board concerning proposed amendments to the Zoning By-Law of the Town, consisting of the repeal of clauses 5 and 6 of Section 8 of said by-law in their entirety, a copy of which report is on file at the Town Clerk's office, or take any other action in relation thereto.

Refer To Town Meeting.

ARTICLE 41. To see if the Town will vote to amend the present Town Zoning By-Law so that Section 8, clause 5, which provides as follows: "When loam is stripped or removed from any land a permit must be obtained from the Building and Zoning Inspector in writing. There must be at least five (5) inches of loam left on the land that has been stripped", is repealed in its entirety, or take any other action in relation thereto.

Refer To Town Meeting.

ARTICLE 42. To see if the Town will vote to amend the present Town Zoning By-Law so that Section 8, clause 6, which provides as follows: "No land shall be used as a sand or gravel pit without written permission from the Zoning Board", is repealed in its entirety, or take any other action in relation thereto.

Refer To Town Meeting.

ARTICLE 43. To see if the Town will vote to amend the provisions of Article 8, section 2 of the Town By-Laws so that in place thereof there shall be substituted the following:

"Section 2. Whoever violates any provisions of these By-Laws, or of any amendments thereto, unless otherwise provided by law or by these By-Laws, shall be punished by a fine of not more than twenty dollars

(\$20.00). Each day during which a violation continues, shall for the purpose of enforcing said By-Laws or amendments thereto, be considered a separate offense."

Refer To Town Meeting.

ARTICLE 44. To see if the Town will vote to accept and maintain as a Town Way Lynda Road, a private way 40-feet wide, running from Central Street northwesterly to Lyman Wheelock Road, a distance of approximately 792 feet in length, as approved by the Planning Board, and shown on a plan dated July 1, 1954, on file in Town Clerk's Office, and to raise and appropriate a sum of money to finish and surface said Road. (By Petition).

Refer To Town Meeting.

ARTICLE 45. To see if the Town will vote to accept Ridgewood Road as a public highway as shown on a plan entitled "Ridgewood Acres dated February 1962" on file at the Town Clerk's Office and approved by the Planning Board, the fee to said Ridgewood Road to be conveyed to the Town by the owners thereof by deed of gift, or to take any other action in relation thereto.

Recommend Adoption.

ARTICLE 46. To transact any other business that may legally come before said meeting.

And you are directed to notify and warn the inhabitants of the Town of Easton, qualified to vote in elections, residing in Precinct one, to meet at the Harmony Grange Hall; those residing in Precinct two to meet at the Easton Junior High School Auditorium; and those residing in Precinct three, to meet at the South Easton School House on Monday, the 25th day of March next at 10 o'clock in the forenoon to bring in their votes all on one ballot for one member of the Board of Assessors, for a term of three years; one member of the Board of Health, for a term of three years; two members of the School Committee, for a term of three years; Town Clerk, for a term of three years; Town Treasurer, for a term of three

years; Tax Collector, for a term of three years; Moderator, for a term of one year; one Selectman, for a term of three years; one member of the Board of Public Welfare, for a term of three years; one member of the Board of Water Commissioners, for a term of three years; Tree Warden, for a term of one year; one member of the Planning Board, for a term of five years; one member of the Recreation Commission, for a term of three years; and a Finance Committee of fifteen, five members for a term of three years, five members for a term of two years, and five members for a term of one year. The Polls will open at 10:00 o'clock a. m. and shall be closed at 8:00 o'clock p. m.

You are directed to serve this Warrant by posting attested copies thereof, one at each meeting house and post office in said Town, and one at the Oliver Ames High School Gymnasium, and one in the Town Offices, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of holding said meeting, and said Town Clerk is hereby required to make return of this Warrant to the Warden or Deputy Warden at the time and place of holding said meeting for the election of officers, and said Warden is hereby required to make return of this Warrant to the Town Clerk, together with his return of officers elected at the close of said meeting.

Given under our hands this 25th day of February in the year nineteen hundred and sixty-three.

RICHARD J. KENT

HARLAND F. ALMQUIST

ARTHUR H. TUFTS

Selectmen of Easton
